

Math Taskforce

May 10, 2018

In Attendance: Barbara Villatoro, Randy Robertson, Jim DeKloe, Joe Conrad, Amy Dauffenbach, Josh Scott

Co-reqs (311 and 312) will now go live in Fall 2019.

Three items to work on in Summer/Fall '18

- **Curriculum.**
  - 311 (stats) 312 (intermediate algebra)—this is in process in the Curricunet pipeline. Mary will be co-contributor.
  - Develop 314—a coreq for 104 (use COR from Cuyamaca, maybe). Barbara will put this in curricunet and Mary will co-contribute. Jim will also follow up on these courses.
- **Course materials.** Math Success Coordinator will lead this in the fall.
- **Student Support** (IAs/embedded tutors, math software, free textbooks, etc).
- **Professional development/support.** Faculty mentoring, provide stipend (maybe from Transformation Grant or Integrated Plan). Math Success Coordinator will lead this in the fall.
