

Professional Development/Flex Cal Committee

Michelle Smith, PD/Flex Cal Chair

- Our mid-semester Professional Development Days (Wednesday, March 17 and Thursday, March 18) are jam-packed with relevant and timely sessions. Check it out!
- We continue to work on the implementation of our new professional development system. Visit our committee meeting on Thursday (Mar 18) from 3-3:50pm for a sneak peek at this amazing system!
- We have two Graphic Design students to create images for the professional development system - it's going to be stunning! We hope to provide the students with a modest stipend for their excellent work.
