Facility Master Plan Data

Shared by Ferdinanda Florence, APR Chair

Program	Year of Report	Facilities Goal	Ongoing, Improvement, or New	Notes
Photography	2018	Creating a storage system for the lighting studio	Improvement	Would move non-essential equipment out of the active working area, along with a flexible curtain divider system to create smaller working areas for students.
Theatre	2016	Costume shop relocation	New	Re-designing a classroom in the 1800 building as a temporary Costume shop until Phase 2 of the theatre build can be completed (estimated 7 years).
Theatre	2016	Storage	New	Minimal storage is arranged in the new theatre building, strong need to relocate off site costume storage and some prop/set storage to facilitate student access on campus.
Theatre	2016	Policies and operating procedures for renting and using the new theatre building	Ongoing	Create policies for renting the new theatre that will protect the building as well as protect the human resources needed to keep the theatre in good working order. This should also look to financial upkeep on the facilities.
Water/ Wastewater	2016	Find permanent home; investigate plans for 300 building remodel	Improvement
