

# Professional Development/Flex Cal Update

Michelle Smith, PD/Flex Cal Chair

---

- The PDFC Committee is inviting requests to present in Spring 2021. **Forms** are due by **Friday, November 13th** to be included in the January program or Friday, February 12th to be included in the March program. We look forward to your ideas!
- Faculty may earn Flex credit for viewing recordings from the **August** and **October** professional development events. Follow the Professional Development Channels on Stream for more!
- We have a SharePoint site available through Outlook. This site contains files from presentations for August and October. Check it out!
- The PDFC committee approved the Vision Resource Center and Cornerstone College Integration process (see attached presentation). This integration process has many benefits including the full financial support of the Chancellor's Office. Provided approval from the Academic Senate, the PDFC committee would collaborate with IT and HR to complete the college "Readiness" form (see attached). We welcome your comments, concerns, or questions about this process.
- Send us your "Zoomies", selfies on Zoom! Send your pictures with a brief description to [pdfc@solano.edu](mailto:pdfc@solano.edu) to be included in a special presentation. We want to see your smiling faces 😊
