

Professional Development/Flex Cal Committee Update

Michelle Smith, PD/Flex Cal Chair

Virtual Game Hosts Wanted Do you know a fun group game to play online? We are looking for people to host online games between 12-1pm on Friday, January 15th. Please email pdfc@solano.edu to sign-up as a virtual game host!

Vision Resource Center & Cornerstone College Integration The PDFC committee continues to work towards submitting the Readiness Form to begin the integration process in 2021. The [Vision Resource Center](#) provides thousands of trainings that are already freely available to all California Community College faculty and staff (see handout). The Cornerstone system provides tracking and reporting of trainings completed plus additional trainings that are only available to integrated colleges. We hope to make this resource available to Solano College administration, faculty, and staff soon!
