EDUCATION

STUDENT NEEDS

Hyflex Components

- Multiple modalities
- In-person instruction with live/synchronous audience
- Remote viewing
- Date/time independence (Asynchronous)
- Highest level of flexibility

Hyflex v. Hybrid?

HYBRID

1. Set meeting day and time
2. Partial in-person requirement
3. Limited access to CVC/Exchange
4. Clear understanding of modality

HYFLEX

1. No required set day or time
2. No required in-person meeting
3. Online section CVC eligible
4. Confusion regarding modalities available

Solano currently has DE addenda for Hybrid, and Fully Online courses

Hyflex Definitions

“A Hybrid-Flexible or HyFlex course is a student-centered model of class delivery that can integrate in-class instruction, online synchronous video sessions, or asynchronous content delivery”

-University at Buffalo
