

Academic Senate Update

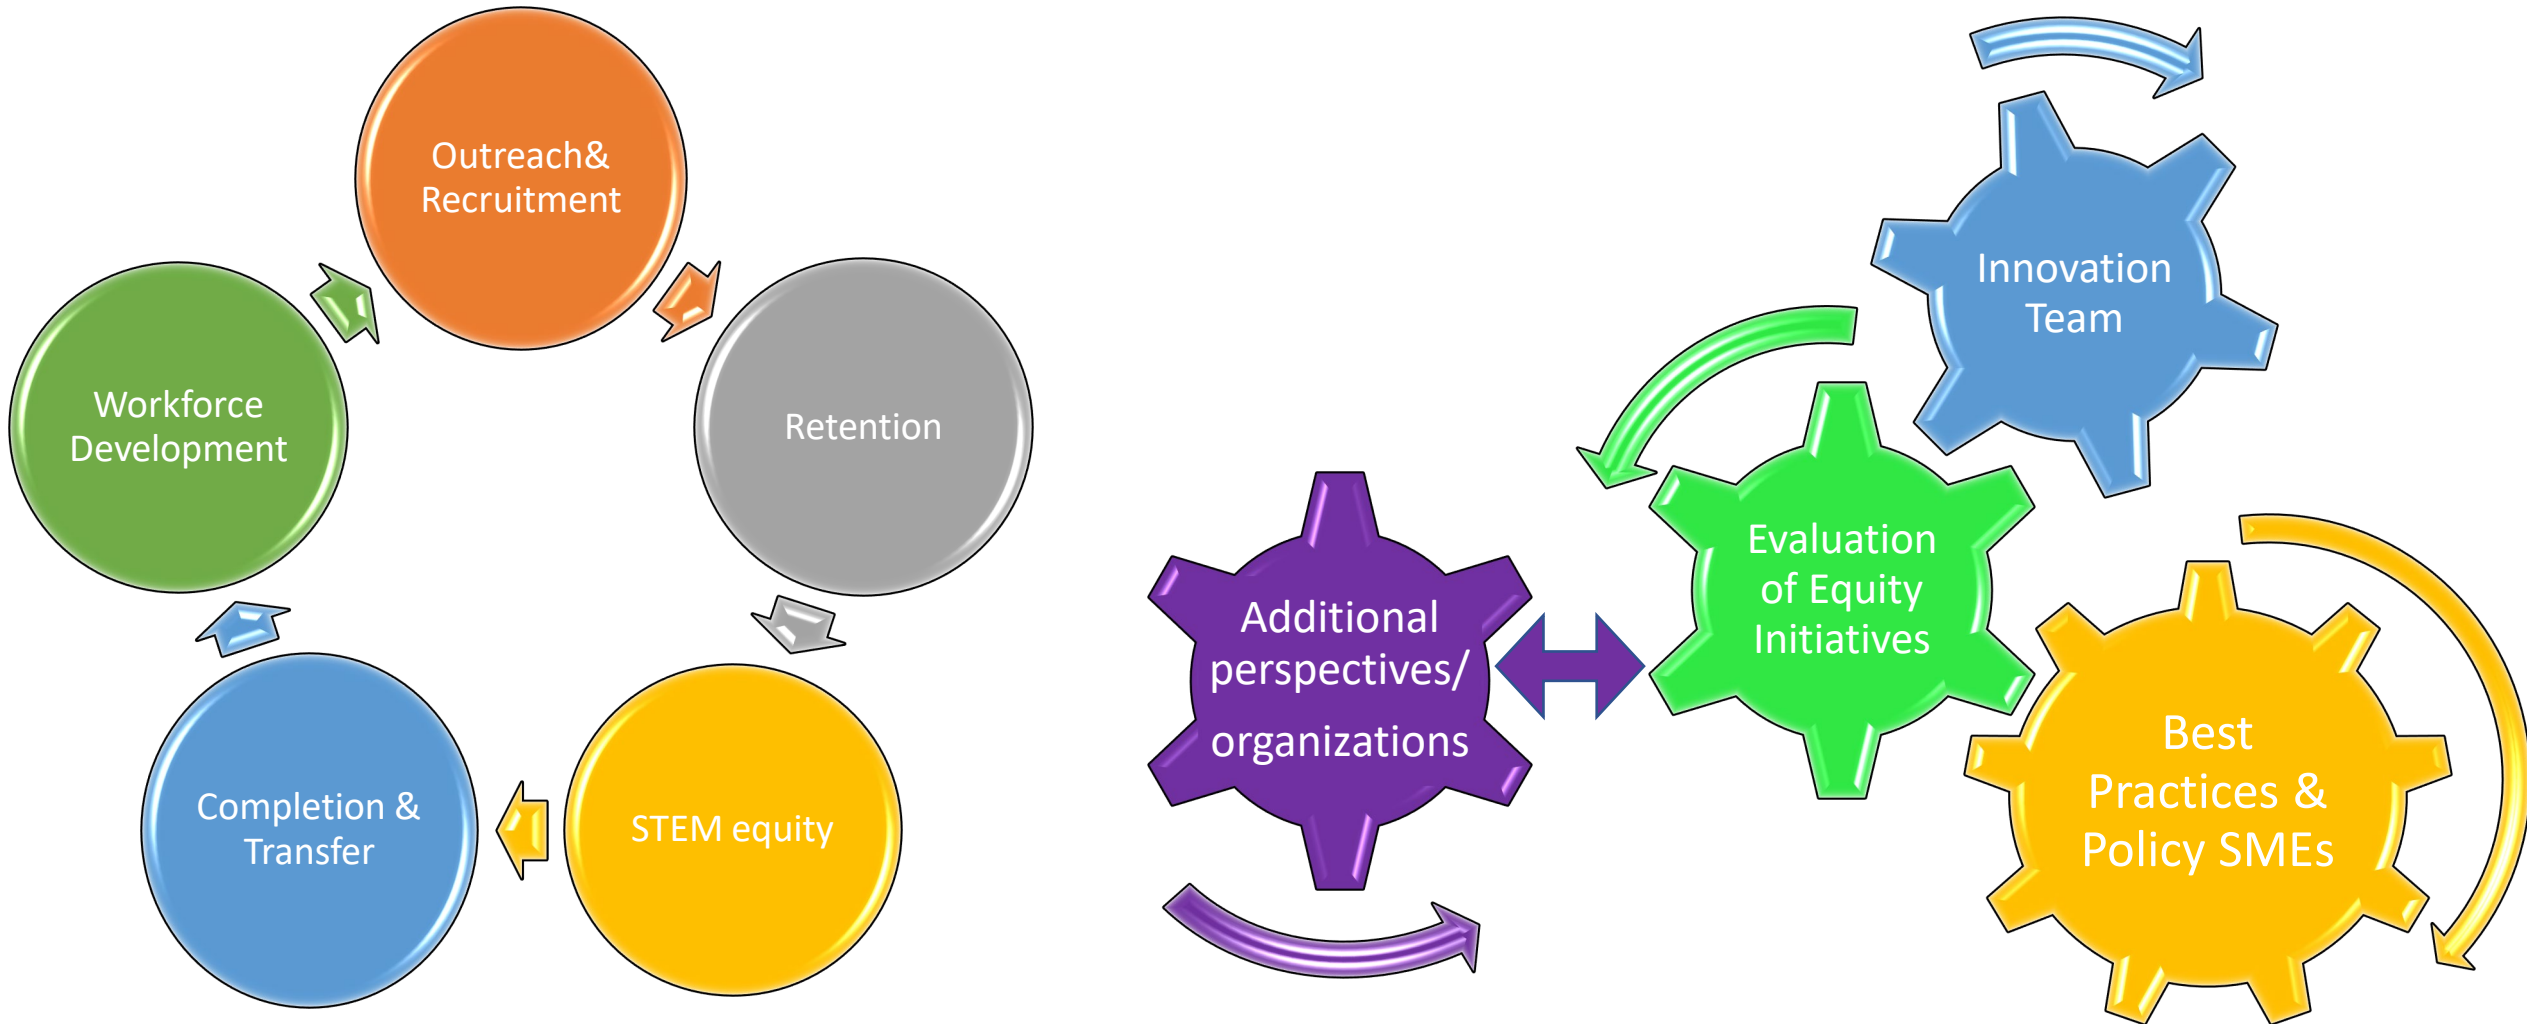

12.05.2022

SESC Coordinator Michael E. Silva

Common Themes from Feedback

- Build trust
 - 'Check-box'
- Burn out
- Improve 'motivation,' community-building
 - Concerns about mental health of faculty leading efforts
- Compensation for efforts beyond committee responsibilities
- Strong desire to be more action oriented (less talk, more action)

SESC *Suggested* Organizational Framework. Student-Centered & Action-Oriented

Moving Forward

- Next SESC Meeting 12/16/22
 - Seeking more feedback on SESC Framework
 - Seeking further clarification for the role, scope, and authority Academic Senate would like to have for SESC
- Requested Access to update SESC Webpage and resources
- Need to fill vacant SESC Council members
- Will be seeking funding for outside help for teambuilding activities
