

Draft for feedback: Spring '24 Proposed core GE course breakdown (33 commonly recommended GE courses for first-year students)

Taskforce: Flor de Maria Cruz, Brandon Carrera, Melissa Reeve, Lauren Taylor-Hill, Joe Ryan, Rebecca LaCount, Nathan Rexford, Kristina Ferrebee, Sarah Barsness, Josh Scott

Note: With the exception of math and chemistry, each IGETC area has a list of courses along with the number of sections offered at that location. We've based the total section count on the number of sections offered in Spring '23. In math and physics, we haven't yet broken down the number of sections offered on each campus, but we have listed the percentage of sections offered, which differs from that of the other classes.
