Shake Out

Great ShakeOut  
Earthquake Drills

Official rescue teams who have been dispatched to the scene of earthquakes and other disasters around the world continue to advocate use of the internationally recognized "Drop, Cover and Hold On" protocol to protect lives during earthquakes:

- **DROP** to the ground (before the earthquake drops you!),
- Take **COVER** by getting under a sturdy desk or table, &
- **HOLD ON** to it until the shaking stops.

Learn more at [shakeout.org](http://shakeout.org) and [dropcoverholdon.org](http://dropcoverholdon.org) If there isn't a table or desk near you, drop to the ground in an inside corner of the building and cover your head and neck with your hands and arms. Do not try to run to another room just to get under a table.

Alley Cat Allies  
**National Feral Cat Day**  
**OCTOBER 16, 2014**  
 TNR: From The Alley... To Main Street

# Win this Pet House. Campus Cat Club
