- IV. Discussion/Information Items
 - 1. Welcome and Introductions; the committee members introduced themselves
 - 2. Updates:

Summer work – over the summer, committee members piloted the use of META and provided recommendations to remedy some glitches. Jacob Williams was hired to input assessment from 2016-2017 into the "old" SLO drive. A. Obegi made improvements to the Assessment handbook, and created a training guide for assessments in META. The College website was updated with the new materials.

 Goals for the 2017-2018 Academic Year – The committee reviewed the 2017-2018 Assessment Committee goals. They will be sent to the Academic Senate for review (goals are attached)

Our principle goals this semester is to get SLOs, success criteria, and GELO/ILOs mapped into META. Coordinators want to support faculty in getting this goal accomplished by providing trainings and one-on-one support.

Terri suggested we support the training of committee members by reviewing a few SLOs and success criteria to share our ideas about what quality looks like. She also suggested that we use the Bib lab and work with the Academic Success and Tutoring Center to host the META open office hours. A. Obegi will plan to meet with George Olgin, LaNae Jaimez, and Terri Pearson-Bloom to see if a partnership can be worked out.

4. Assessment Newsletter: The committee felt comfortable sending out the assessment newsletter. It was suggested on the second page information about accessing the old SLO database and assessments in the dropbox be added.

Future Meeting dates for Fall 2017:

August 16th August 30th September 6th September 20th October 4th October 18th November 1st November 15th December 6th
