1. **Call to order** – Josh Scott
2. **Comments from the public**.
3. **Introduction to SOAR program**. Damany Fisher will introduce our new Students Overcoming Adversity and Recidivism (SOAR) program for formerly incarcerated students. This will be an opportunity to learn more about the program, to answer any questions you may have, and to learn how we (the SESC, the Academic Senate, and the SCC community) can support these efforts
4. **How to Best to Support our Dreamers.** Isabel Anderson and Rebecca LaCount will lead a conversation and working meeting, as we seek to understand what we know and what we don't know about Dreamers in California, Solano County, and Solano College. The goal is to work together to create a vision for the future of Dreamers, including increased institutional support and deliberate outreach to increase access to college for undocumented, DACAmented, and other non-resident members of the community. Fortunately, an effort is already underway throughout the CCC system, so we don't have to start from scratch, and there are multiple opportunities for both professional development and immediate action. We will spend some time setting priorities for our campus before turning to examples at other CCs to create our own roadmap.
5. **Adjourn**.
