

COMMUNITY SERVICES FACILITY REQUEST PROCEDURES

You want your event to run smoothly, we do too. Here's how you can help us help you:

- Submit your application as early as possible, and at least three weeks prior to your event. Be sure to return your liability insurance for \$1,000,000 naming the college as **“Additionally Insured”** with the signed contract and the **“Hold Harmless”** form.
- Any changes to your contract must be in writing – this helps to reduce misunderstandings.
- Make sure we have a daytime contact number for you in case we have questions or need to clarify a request.
- We will automatically notify maintenance and the campus police of your activity – they will be responsible for opening and closing the facility. We are not able to give you keys.
- Send us any flyers or promotional materials so we will be able to answer simple questions about your activity (especially if you're selling pre-event tickets).
- Please advise participants about our parking regulations which are in effect Monday - Friday. There are no parking fees on weekends for designated student parking lots. Parking meters are at the entrance to each lot, and the Daily Parking Permit may be purchased for \$1/day per vehicle.
- If your event will draw more than 300 participants you will need to contact the Cordelia Fire Department to file an emergency evacuation plan and to arrange for ALS ambulance service (707-864-0468).

And please remember, although we book hundreds of events and meetings each year, we are an educational institution, not a conference center. We will, however, do our best to see your event is a success.

Thank you for your cooperation!

Using Campus Facilities

(Regulations and Fee Schedules)

General Policy

The use of District facilities by community groups and public agencies is granted under provisions of the Civic Center Act and the Community Recreation Act, and also may be granted under the provisions of the Education Code Sections 82537-82548, to private groups and religious organizations.

All use of college facilities for activities other than regularly scheduled classes and events requires approval of the District Superintendent-President or his/her authorized representative. This applies to any group of students or employees of the District. Community groups, governed by this policy, must have written approval before using the college facility.

Facility Use by Campus Affiliates

Organizations that are directly affiliated with Solano Community College District students or staff will be able to use campus facilities on a no-charge basis, if it is deemed that there are not substantial costs to the District. The Dean of Student Development and Outreach will prepare an annual list of those campus organizations or affiliates eligible to use the campus facilities on a no-charge basis. The Dean of Physical Education, Wellness & Athletics **will approve or deny** use of any campus Physical Education Wellness & Athletic facilities (i.e. pool, gymnasium, baseball field, etc.) **if available**, and if the use will not detract from the educational use of the facilities.

Due to the rising cost of energy, it may be necessary to charge for the use of campus facilities to recover the incremental cost of power or natural gas. These decisions will be rendered on a case-by-case basis.

Use by Non Profit Groups

Non-profit groups may be granted a contract for use of campus facilities for meetings, programs and recreational or cultural activities that benefit the community and the use occurs during SCC normal hours of operation. Non-profit groups must supply their Non-profit tax ID number when a contract is signed to get the non-profit rate for facility rentals.

SCC normal hours of operation are: Monday through Friday, 8 a.m. – 5 p.m., when classes are in session.

In any use, if it requires special equipment and/or services, such as supervision, set-up, clean-up, security, etc., the organization shall be charged equipment and labor charges in accordance with the appropriate Fee Schedule.

Commercial Users (For Profit Users)

Private organizations not qualifying as Not-Profit may apply for a permit to use college facilities (not to exceed five rentals each fiscal year) provided the User plans to present events of educational, cultural, or recreational nature which otherwise would not be available to the community. Applications for dances and/or concerts may not be considered.

Religious Organizations

The use of college facilities by a religious organization for religious purposes shall be based on fair rental value and shall not exceed five rentals in each fiscal year. The current Fee Schedule (Non-Profit rate) shall be deemed fair rental value. (See Education Code Section 82537-82548).

Priorities for Facility Use

To provide for maximum use of college facilities and to minimize potential conflict these priorities are followed:

- I. College educational programs/college events.
- II. Non-profit groups such as youth groups, District schools and the Office of Education, civic and service groups, and other community groups, organized for cultural, educational or recreational activities.
- III. Public agencies when the purpose of the use is educational.
- IV. Private organizations, commercial interests, and religious groups.

6. Final invoices (minus the 50% deposit) are mailed by the college business office within 30 days following the event; payment is expected within 60 days of use. Failure to remit on time will result in the organization being barred from future campus use and submission of the bill to a collections agency.
7. Use of the Theatre must be scheduled with and approved by the Managing Director of Theatre Operations and the Facility Coordinator.
8. Student-sponsored events requiring extraordinary set-up/clean-up will be charged according to Fee Schedule I (Non-profit rate).
9. Organizations that are directly affiliated with Solano Community College District students or staff will be able to use campus facilities on a no-charge basis if it is deemed that there are not substantial costs to the District. College personnel must participate fully in and assume at least equal responsibility for the event, i.e., a member of the SCC group must be involved in planning, development, implementation and production, and must be present and responsible at the event.
