ONLINE CLASSES

Solano Community College offers two types of Internet classes for credit: online and hybrid classes. Online classes are taught over the Internet and hybrid classes are taught partly over the Internet and partly in the classroom. These classes have regular assignment schedules and reading material and the same learning requirements as traditional classes. Participation in online sections and hybrid sections require that the students have a computer with Internet access and a web browser. The individual classes will also have additional requirements such as a textbook and possibly a specific software program to be used. You might also have to come to campus for an in-person exam.

Online: These classes utilize the Internet to create an educational experience that can be completely independent of time and place. Students still purchase textbook(s) and take tests, but they do the majority of the classwork at a computer connected to the Internet. They work according to their own schedule, at home, in the office, or on open access computers on campus in the library. Course materials, the syllabus, assignments, tests, and links to other Web resources are contained on the course site. Students communicate with their instructor and each other by sending and receiving email and by participating in “threaded discussions.” These are discussions that continue over time where students drop in to read the comments and to add their own. While online classes may not be for everyone, they are well-suited to students who are self-motivated, who have access to a computer, who may have busy schedules, and who may not be able to travel to campus for classes with specific meeting times.

Hybrid: These classes use a combination of the face-to-face and online formats. Some activities will be conducted in a group (traditional class) format and some activities are conducted (online). These classes offer the best of both worlds - flexibility with the online portion and the sense of being in a group with the traditional class meeting.

SSU LIBERAL STUDIES B.A. @ Solano

Sonoma State University offers an upper-division program based at the Solano Community College Vallejo Center, leading to a Bachelor of Arts in Liberal Studies.

The Liberal Studies major provides a wide variety of courses in the social and behavioral sciences, arts, humanities, science, and technology. Courses taught by SSU faculty are scheduled evenings and weekends at the Vallejo Center for students with work, family or other commitments, who are not able to join traditional programs on our main campus.

COMPLETE YOUR DEGREE THROUGH SSU

The SSU Liberal Studies B.A. program is excellent preparation for students interested in careers in teaching, the legal profession, social services, nonprofit organizations, or business, as well as graduate work in the social sciences and the humanities.

More than just a convenient way to check off the list of degree requirements, the Liberal Studies degree completion program is a supportive and transformative learning community, where students are challenged intellectually as they encounter the full range of human knowledge.

MAJOR REQUIREMENTS: 50 Units (All upper-division; includes the 9-unit upper-division G.E. requirement)

- Humanities, 16 units: American Multicultural Studies, Art and Art History, Chicano and Latino Studies, English, Music, Philosophy, Theater Arts, Native American Studies, (and some Anthropology and History courses)
- Behavioral Sciences, 16 units: Anthropology, Criminology and Criminal Justice Administration, Environmental Studies and Planning, Geography, History, Political Science, Psychology, Sociology, Women's and Gender Studies

PRE-ADMISSIONS ADVISING

The Solano Community College counseling staff can review your coursework and make recommendations to help you prepare for transfer. You may also send copies of all your transcripts to Susie McFeeters, e-mail susan.mcfeeters@sonoma.edu. After admission, upper-division coursework at other institutions will be assessed for possible credit for major electives.
