**EMERGENCY MEDICAL TECHNICIAN**

Students will be required to attend one MANDATORY Information Meeting on Thursday, August 10, 2017, from 6-9 pm, in room TBD. Students must have a valid BLS for Healthcare Providers card to be considered eligible for entry. The Prerequisite is EMT 128 (FIRE 128), First Responder. Failure to attend the meeting will result in being dropped from the roster. Students successfully completing EMT 112 are eligible to take the National Registry Emergency Medical Technician (Basic) Exam as required by the state of California for certification. Certification enables students to qualify for employment with ambulance services, fire, or rescue services, search & rescue crews, ski patrol or related pre-hospital emergency care positions. NOTE: By law, applicants for certification must be at least 18 years of age. Students must present current Basic Life Support for Healthcare Providers course completion card at the orientation meeting in order to enroll in the course. Students will be responsible for Certified Background Checks and drug screens, purchasing EMT uniforms, and EMT Skills Kits. For information, call (707) 864-7108 before August 10, 2017.

**KINESIOLOGY**

Students should be aware that there are inherent risks involved in any Kinesiology class. Students must notify the instructor of any medical condition they have, or have had in the past, that may impact their ability to participate in the class. Discipline Note: Intercollegiate athletics is for those students who wish to compete against other students at an advanced level of sport from other community colleges. To be eligible, student-athletes must be continuously enrolled in a minimum of 12 units during the semester of competition. For second year of competition, the student-athlete must have completed 24 units between seasons of competition with a minimum of a 2.0 grade point average.

## EMERGENCY MEDICAL TECHNICIAN

Students will be required to attend one MANDATORY Information Meeting on Thursday, August 10, 2017, from 6-9 pm, in room TBD. Students must have a valid BLS for Healthcare Providers card to be considered eligible for entry. The Prerequisite is EMT 128 (FIRE 128), First Responder. Failure to attend the meeting will result in being dropped from the roster. Students successfully completing EMT 112 are eligible to take the National Registry Emergency Medical Technician (Basic) Exam as required by the state of California for certification. Certification enables students to qualify for employment with ambulance services, fire, or rescue services, search & rescue crews, ski patrol or related pre-hospital emergency care positions. NOTE: By law, applicants for certification must be at least 18 years of age. Students must present current Basic Life Support for Healthcare Providers course completion card at the orientation meeting in order to enroll in the course. Students will be responsible for Certified Background Checks and drug screens, purchasing EMT uniforms, and EMT Skills Kits. For information, call (707) 864-7108 before August 10, 2017.

### KINESIOLOGY

Students should be aware that there are inherent risks involved in any Kinesiology class. Students must notify the instructor of any medical condition they have, or have had in the past, that may impact their ability to participate in the class. Discipline Note: Intercollegiate athletics is for those students who wish to compete against other students at an advanced level of sport from other community colleges. To be eligible, student-athletes must be continuously enrolled in a minimum of 12 units during the semester of competition. For second year of competition, the student-athlete must have completed 24 units between seasons of competition with a minimum of a 2.0 grade point average.

# ONLINE CLASSES

Solano Community College offers two types of Internet classes for credit: online and hybrid classes. Online classes are taught over the Internet and hybrid classes are taught partly over the Internet and partly in the classroom. These classes have regular assignment schedules and reading material and the same learning requirements as traditional classes. Participation in online sections and hybrid sections requires that the students have a computer with Internet access and a web browser. The individual classes will also have additional requirements such as a textbook and possibly a specific software program to be used. You might also have to come to campus for an in-person exam.

**Online:** These classes utilize the Internet to create an educational experience that can be completely independent of time and place. Students still purchase textbook(s) and take tests, but they do the majority of the classwork at a computer connected to the Internet. They work according to their own schedule, at home, in the office, or on open access computers on campus in the library. Course materials, the syllabus, assignments, tests, and links to other Web resources are contained on the course site. Students communicate with their instructor and each other by sending and receiving email and by participating in “threaded discussions.” These are discussions that continue over time where students drop in to read the comments and to add their own. While online classes may not be for everyone, they are well-suited to students who are self-motivated, who have access to a computer, who may have busy schedules, and who may not be able to travel to campus for classes with specific meeting times.

**Hybrid:** These classes use a combination of the face-to-face and online formats. Some activities will be conducted in a group (traditional class) format and some activities are conducted (online). These classes offer the best of both worlds - flexibility with the online portion and the sense of being in a group with the traditional class meeting.

In order to be successful in online and hybrid courses, students need to be self-directed, motivated, and able to independently complete and electronically submit assignments on schedule. Students will also need basic internet skills and consistent access to a computer with internet capability.

**OCCUPATIONAL EDUCATION**

NOTE: Students enrolled in OCED 090 may not enroll in OCED 091 during the same semester. Students may take OCED 090 to a maximum of 16 units. Combined units in all work experience courses shall not exceed 16. Note: CSU will accept up to 12 units for transfer. To determine the correct course length and number of units in which to enroll, refer to the following formula for paid employment (unpaid work requires fewer hours per week): Full Semester Sections: 1 unit=5 work hours per week, 2 units =10 work hours per week, 3 units =15 work hours per week, 4 units =20 work hours per week, 5 units - 25 hours per week, 6 units = 30 hours per week, 12-Week Sections: 1 unit =7 work hours per week, 2 units =14 work hours per week, 3 units =19 work hours per week, 4 units = 25 hours per week, 8-Week Sections: 1 unit =10 work hours per week, 2 units =20 work hours per week, 3 units = 28 hours per week. Discipline Note: Students enrolled in online sections of OCED 090 and OCED 091 are required to attend a one-time on-campus orientation. Both orientations will be held in Room 812 (Building 800). There will be two (2) orientations from which to choose: Orientation #1: Friday, August 16, 2013, from 6:00-8:00 pm; Orientation #2: Saturday, August 17, 2013, from 12:00-2:00 pm.
