This program follows the policy of non-discrimination set forth by the Governing Board of Solano Community College.

Associate in Science Degree

Program Outcomes

Students who complete the Registered Nursing Associate Degree will be able to:

1. Qualify for state licensure as a registered nurse by achieving a passing score on the National Council Licensure Examination for registered nurses (NCLEX-RN).
2. Synthesize principles of the nursing process and critical thinking to assist individuals, families and communities to achieve positive adaptation to change in health or a peaceful death.

APPLICATION / ACCEPTANCE TO THE PROGRAM

Currently the Nursing Program admits students once per year. Applications are available online. Check the SCC Nursing website for specific details and deadlines. <http://www.solano.edu/health/disciplines.php#nursing>

The Nursing Program at Solano Community College is impacted; there are more students who apply than can be accepted into the program. Selection is based on a randomized lottery selection process. Fifty (50) percent of the selected applicants will have a composite score of 86% or greater and the other fifty (50) percent will have a score between 73 and 85%. Returning qualified applicants will have their name included into the appropriate pool for each time they have applied to SCC's nursing program. Only students who meet and complete the application criteria will be considered for admission. Meeting these requirements does not guarantee acceptance into the program. If a qualified applicant is not chosen, he/she may reapply the following application period.

Once accepted to the Nursing Program, students, at their own expense, must provide the following:

- Health History and Report of Medical Examination with required titers / inoculations.
- Background check and drug screening
