

5

Steps To CLEANER HANDS

1

Turn on the faucet and get your hands wet with warm water.

2

Put soap in your hands.

3

Take 20 seconds to rub and lather soap thoroughly on front and back of hands, between fingers and under nails.

Tip: sing the "Happy Birthday" song twice to track the time!

4

Rinse soap off completely, then dry hands.

5

Your hands are now clean! Keep them clean by holding a paper towel to turn off the water and open the door to exit the restroom.
