Political Science

Program Description
This program examines the theory and practice of government and the powerful personalities that affect governmental decisions. This interplay of individual citizens, public leaders, elections, and world events make political inquiry relevant today. The program provides a broad base for the analysis of how government resolves social conflict within the United States and around the world.

Associate in Science Degree
The Associate in Arts Degree may be obtained upon completion of a total of 60 units, including the 18 unit major, general education requirements and electives. All courses for this major must be completed with a grade of “C” or better or a P if the course is taken on a pass-no pass basis.

Program Outcomes
Students who complete an Associate Degree will be able to:
1. Demonstrate competency in the SCC “Core Four” competencies, including:
   - Communication
   - Critical Thinking and information competency
   - Global Awareness
   - Personal responsibility and professional development
2. Acquire an understanding of basic citizenship skills.
3. Develop awareness of cultural, social, political, environmental and economic forces in the world.
4. Arrive at a higher level of understanding of cultural and political diversity.
