

DRAFT SUMMARY

June 18, 2012 / July 18, 2012

Facilities Master Plan Status Report

Preliminarily, there is strong justification for seeking Community support to update/maintain and build required facilities:

Facilities require modernization and update

- Building Condition
- Campus and Building Systems
- Access, Security, Safety

Facilities

There are inadequacies in how current facilities provide the desired/needed learning environments

- Current Programs/Curriculum
- Educational Master Plan: Future Growth and Capacity
- Existing and New Community / College Partnerships / Job Creation

Education

There are efficiencies that can be obtained to reduce maintenance and operational costs

- Systems Type, Age
- Maintenance and Operations
- Environmental Stewardship / Presidents Climate Commitment
- Return on Investment/Total Cost of Ownership Related to Curriculum and M&O

Energy & Water

Distinguishing Solano Community College

- Sustainability: Economic, Social, and Environmental
- Values, Programs, Partnerships, Facilities
