Based on the 2011-12 State budget, Solano College apportionment revenues are expected to further decline between \$2.6 to \$3.5 million, depending on the extent of state revenues realized. To that end Solano College is moving forward with a budget which includes the higher revenue loss estimate, further adjusted by a deficit factor. Corresponding expenditure cuts were carried through from the prior year, including even greater curtailing of class offerings, filling vacancies only on an as need basis, and additionally seeking concessions from our bargaining units. These steps will ultimately limit access and impact quality and quantity of service delivery. As increased State deferrals continue to affect the institution's cash flow and the district will again need to align borrowing arrangements with both the Solano County as well as consider a mid-year TRAN.
