6. REPORTS (NO ACTION REQUIRED):

(a) Associated Students of Solano College (ASSC)

Ms. Kayla Salazar, ASSC Governing Board Representative, reported that:

--the students thanked the District in advance for giving to the students the vending rights for a contract for snacks and beverages in the vending machines. In collaboration with Vice President Ligioso and ASSC negotiations are underway.
--the Board is invited to the upcoming Cinco de Mayo event planned May 5 from 11 – 4 on campus.

Dr. Jowel Laguerre, Superintendent-President, stated that he shared with the ASSC Executive Board how proud he is of the current leadership, the care that is displayed for students and faculty and hopes to continue with a good working relationship.

Trustee Chapman arrived after roll call at 6:38 p.m.
(b) Academic Senate

Professor Thomas Watkins, Academic Senate President, reported that:

--the Senate approved parts 1-4 of the faculty hiring procedures. It was hoped the work would be done by the end of the semester, but it was decided to have it done right as opposed to rushing through the process. Work will continue together with assistance from the Human Resources Department.

--the Senate was given a Learning Management System (LMS) update by the Distance Education (DE) coordinator. The decision has been made to remain with our current LMS, which is eCollege. We will remain with them for a period of three years at no charge. They want to sell Pearson eBooks to students. Ultimately the platform will be free with the ability by students and faculty to buy their eBooks, but will not be mandatory. This will give the District time to negotiate a new platform if that is the desire of all concerned.

--the Senate concluded their elections for 2012-13, with the following results:

President:
- Susanna Gunther (School of Sciences)

Vice-President:
- Roy Pike (School of Career Technical Education and Business)

At-Large Senator, one-year term:
- Nick Cittadino (Counseling)

At-Large Senator, two-year term:
- Terri Pearson-Bloom (School of Human Performance and Development)

Adjunct Senator, one year term:
- Ken Williams (School of Sciences – Horticulture)

Adjunct Senator, two-year term:
- Katherine Luce (School of Liberal Arts – Librarian)

President Watkins stated the new officers will assume their respective positions on May 7, at the Academic Senate Meeting.

Dr. Laguerre stated that he is desirous of meeting with the Senate, not just during their regular meetings, but with them prior to their making decisions.

Trustee Chapman inquired how the contract with Barnes and Noble affects the possibility of students and faculty purchasing eBooks. Dr. Laguerre stated the logistics are still being worked out.
(c)  Shared Governance Council

J. Arturo Reyes, Executive Vice President, Academic and Student Affairs, reported that:

--the Shared Governance Council (SGC) met on March 28, 2012.
--the SGC is making progress on a tobacco-free policy.
--the Council is continuing discussions regarding the reorganization of Academic Affairs. Because the decision is taking longer than anticipated, with no immediate savings, the decision to implement has been extended to summer 2013.
--Dr. Laguerre presented documentation on a Master agreement with the Educational Foundation.
--Dr. Laguerre presented a proposal from Brandman University who is interested in using our facilities. He asked the different groups to go to their constituents for feedback and further discussion.
--Dr. Laguerre shared an update of his 2012 CEO goals.
--Vice President Ligioso gave an update on the budget.
--there will not be a meeting April 11 due to spring break.

Dr. Laguerre clarified that Brandman University approached the District to see if we would be interested in hosting them. This could be a way to generate additional revenue. After more discussions, a proposal may be forthcoming to the Board for approval.

- Sabbatical Leave Report for Academic Year 2010-2011

"Berlin and Beyond" – A look at the state of art before and after ‘Die Wende' (the falling of the Berlin Wall) – Professor George Maguire

Professor Maguire commented that his sabbatical was spent in Berlin, Germany, on a mission to investigate the Berliner Ensemble and other theaters within the city proper and to report on and bring back to Solano College a look at German Expressionism and the state of the art before and after ‘Die Wende’. It encompassed visiting theaters, interviewing artists, and a visit to the Hochschule Schauspielkunst Ernest Busch (the College of Acting), which is Germany’s Juilliard. It is the foremost institution of theater instruction for the actor in Germany, and lies in the suburb of Schoeneweide (in former East Berlin). Professor Maguire composed a series of daily journals, which he shared with Dean Rota, Dean Emeritus Kathy Rosengren, Gail Kropp, Chris Guptill, professional colleagues and the staff of Theater Bay Area Magazine. These journals, which are a personal day by day perspective of experience, are being edited for publication along with photographs selected from the over 2000 taken. The primary goal was to introduce our students and audiences to a different type of theater aesthetic by directing a full production of a well known German Expressionistic play, adapted especially for our community.
A PowerPoint presentation compared Professor Maguire’s visit to Berlin in 1967 to his visit in 2010.

Board President Thurston thanked Professor Maguire for his thorough presentation. Professor Maguire thanked the Board for this tremendous opportunity. There was applause from those present in the audience.

- **Genentech/Osher Scholar Presentation**

  Professor Jim DeKloe stated one of the best parts of a teacher’s career is when you see a student succeed. Professor introduced to the Board Mr. Joshua Kim, a student in his Bio Tech program. Mr. Kim has intellectual abilities, is a team leader, and shows interpersonal skills. Mr. Christopher Flask from Genentech, head of the Operational Excellence Department, presented to Mr. Kim a check in the amount of $1,000. Mr. Flask stated that Genetech shares enthusiasm for students. He stated further the work that Solano Community College is doing is amazing as it continues to set up students with successful careers.

  Mr. Kim thanked Genetech and the Board for furthering his education. He said the faculty members and staff are wonderful, and are an integral part in motivating him to be in a great learning environment.

- **International Education Presentation**

  Ms. Shemila Johnson, Coordinator, Marketing and Student Recruitment, gave the Board a status report on the Solano International Education Program (SIEP). After a SIEP overview, Ms. Johnson outlined the revenue stream for international students versus domestic student costs. The current status of SIEP included the development of a committee, program recruit brochure, successful focus group meetings; identified housing opportunities, and the application for a California Colleges for International Education (CCIE) institutional grant. Upcoming SIEP projects include Web page reconstruction, YouTube video creation, formulation of an international student club, a buddy system program, and participation in virtual student fairs, together with a timeline for implementation of each. In conclusion, SIEP’s goal is to enhance the College’s global presence, attract international students to study here, and to integrate SIEP into the College’s overall vision for success.

  Both Trustees Keith and Young thanked Ms. Johnson for a very thorough presentation.

  *A full and complete copy of Ms. Johnson’s PowerPoint presentation is available for review in the Office of the Superintendent-President and the Office of Institutional Advancement.*

(b) Resolution to Rescind Physical Education Faculty Layoff Notices for 2012-2013 Academic Year, Resolution No. 11/12-26

Dr. Jowel Laguerre, Superintendent-President, presented the proposed the Resolution to Rescind Physical Education and Welding Faculty Layoff Notices for 2012-2013 Academic Year, Resolution No. 11/12-26. Since the March 7, 2012, Board meeting, SCFA, Academic Senate, faculty and staff, together with the ASSC, have come forth to provide support for the faculty members and the College during these difficult budget times. Unfortunately, we are not in a position to bring back the football program, as more planning and fund raising is needed to adequately support the program. We will not have a water polo program because in conversations with Dean Espinoza and faculty members responsible for the sport, there is agreement it is best to let it go at this point in time because of the lack of recruitment of players.

Moved by Trustee Honeychurch and seconded by Trustee Young to adopt the Resolution to Rescind Physical Education Faculty Layoff Notices for 2012-2013 Academic Year, Resolution No. 11/12-26, as presented. The motion carried unanimously with the following roll call vote.

(c) Resolution Designating Classified School Employee Week at Solano Community College District, Resolution No. 11/12-27

Board President Thurston recognized Ms. Debbie Luttrell-Williams, President of CSEA, who commented on the dedicated and committed force that diligently ensures that our students receive the highest quality of service.

Ms. Luttrell-Williams began by stating she is the President of the Solano Chapter of CSEA, Chapter #211. She commented, “Classified employees are the dedicated and committed force that works diligently to ensure that our students receive the highest quality of services. We work in your Business Office, Admissions and Financial Aid Offices, Counseling Office, Student Learning Labs, your Technology Department, your Curriculum and Scheduling office, academic offices, Children’s Programs, Community Education, and in the Facilities and Maintenance Department, to name a few. In these current troubling economic times classified employees come to work every day and consistently work to learn new technologies, and innovative ways to accomplish more with less. Often Classified Employees are considered the ‘face’ of Solano College. This year, classified school employees are recognized for their contributions and are celebrated during the week of May 20-26. I encourage you to recognize the valuable asset your classified employees are to your institution and celebrate with us during this time.”

Dr. Laguerre reiterated President Luttrell-Williams’ thoughts on the value of our classified “top notch” staff that we have at the College. They are a group that is very giving, having supported multiple activities on campus. Classified staff has remained true to their tasks among anxious times and continue to do an outstanding job. It is indeed heartwarming to be able to recognize our classified people every chance we get.

Dr. Jowel Laguerre, Superintendent-President, presented the proposed Resolution Designating Classified School Employee Week at Solano Community College District, Resolution No. 11/12-27.

Moved by Trustee Chapman and seconded by Trustee Keith to adopt the Resolution Designating Classified School Employee Week at Solano Community College District, Resolution No. 11/12-27, as presented. The motion carried unanimously with the following roll call vote.

(d) District and Operating Engineers/Stationary Engineers, Local 39 2010-2014 Collective Bargaining Agreement
Dr. Jowel Laguerre, Superintendent-President, presented the District and Operating Engineers/Stationary Engineers, Local 39 2010-2014 Collective Bargaining Agreement. Local 39 ratified the tentative agreement on March 29, 2012. Part of the reason why it took us so long had nothing to do with flexibility of union but our own internal issues. They bargained in good faith with us. They also are making sacrifices for budget and in there we have pretty good savings that other groups contributed last year and they are stepping forward this year. Dr. Laguerre expressed sincere gratitude to the Operating Engineers for their great work.

Moved by Trustee Young and seconded by Trustee Chapman to adopt the District and Operating Engineers/Stationary Engineers, Local 39 2010-2014 Collective Bargaining Agreement, as presented. The motion carried unanimously with the following roll call vote.

discussions and have made important and persuasive presentations to senators, congressmen, ambassadors, admirals, generals, and tycoons, and those presentations had a strong, positive impact during the Asian financial crisis. I am told that some of my work made it to the highest office in America. And it happened because I encountered Professor Marie Young at the right time. Without Professor Young, and another SCC Professor, John Webster, Chemistry, and my high school counselor, I am convinced that my life would have not been as privileged.” Currently, Joe refers to Trustee Young as Aunt Marie, is enjoying his retirement, taking photos around the world, and is writing a book.
