5. COMMENTS FROM MEMBERS OF THE PUBLIC

A comment card was received from Luke Curry of the Solano Aquatic Club who asked the Board and IS/P Fisher if an item should have been on the agenda regarding update on their status on pool space if this was covered in the minutes from the last Board meeting held June 20, 2007. IS/P Fisher explained that the update did not have to be an agenda item and that the update was included in the Superintendent/President’s Report; however, he would provide the update at this time. IS/P Fisher reported that Mr. Curry was probably aware that IS/P Fisher met with Ryan Mammarella and Andy Wederman on June 26 shortly after the last Board meeting. At the meeting, they discussed specifically using the pool on Saturday, July 7, to establish times for the swimmers in an Olympic-size pool for use in competition throughout the summer and reviewed a list of requests from the Solano Aquatics Club. IS/P Fisher reported that the Solano Aquatics Club was allowed to use the pool on Saturday, July 7, and were informed that the Board Subcommittee would meet with the Facilities Use Committee to review the Facility Use Regulations. Members of the Board Subcommittee were asked to thoroughly review the regulations and bring any further questions to IS/P Fisher at the July 18, 2007 Board meeting for follow-up by the Facilities Use Committee prior to the regulations being submitted to the full Board.

Mr. Curry reiterated that the request of the Solano Aquatics Club is not just for weekends and that it includes Fridays as well. IS/P Fisher acknowledged that he understood the request included Fridays as well. IS/P Fisher stated that existing regulations indicate that no facility will be used when the campus is closed and that it becomes problematic when the College moves to a four-day, 10-hour work schedule during the summer months.

Mr. Curry informed the Board that a nonprofit soccer team is being allowed to practice on Fridays during the summer and the Solano Aquatics Club is not allowed to use the facilities. IS/P Fisher indicated that the College had a pre-existing agreement with the nonprofit organization and that Mr. Mammarella had also brought to IS/P Fisher’s attention that a basketball clinic was held at the College also on June 7 of which the Committee was also aware. Mr. Curry also called attention to the minutes that use requests would not be acknowledged more than six months in advance.

IS/P Fisher commented that he was “a little bit surprised” of the concern expressed at the meeting because at the conclusion of his meeting with Mr. Mammarella and Mr. Wederman, it was not an expectation that there would be any immediate resolution to the Solano Aquatics Club. Mr. Curry asked again for the Solano Aquatics Club’s use of the pool on Fridays and Saturdays during the summer. He stated that the Solano Aquatics Club is here to build a partnership and long-term relationship with the College that benefits both parties. Mr. Curry indicated that the Solano Aquatics Club is asking for accommodation not special consideration.
While Board President Keith assured Mr. Curry that she meant no disrespect and that his concerns are very well noted, especially by Board Subcommittee Members Claffey, McCaffrey and herself; however, she also informed Mr. Curry that the Board is bound by the Brown Act and why the Board could not discuss the issue since an item was not on the published agenda. She stated that the Board would refer the matter to IS/P Fisher who is in communication with Ryan Mammarella and Andy Wedermann. Board President Keith informed Mr. Curry that there are a number of people who must “weigh in” on the Facility Use Regulations as part of our process and that the District is moving as quickly as it can on the matter.

UPDATES

1. **Vallejo Center Grand Opening**

IS/P Fisher recognized the work of the Vallejo Center Committee for their work on a plaque and invitation for the grand opening. Copies of the draft plaque to go on the Vallejo Center in honor of past Trustee Bill Thurston which follows the Board resolution adopted in 2004 to name the administration building at the Vallejo Center after Trustee Thurston were provided for the Board’s perusal as well as a draft copy of the invitation to the grand opening.

2. **Recruitment**

The current recruitment list was provided which reflects a decrease in the number of vacant positions. The Director of Public Relations, Marketing and Communications is currently being advertised.
Bond Update

Scott Colt, Kitchell CEM, Program Manager, reported that the quarterly written report was provided to Board members and we are on schedule with the early completion of the Vallejo Center, on schedule with furniture delivery to the faculty office building next week, and the renovation of Building 800 and on schedule for late October/November for the opening of the Student Services Building 400.

In response to Vice President McCaffrey’s question regarding the opening for the Vacaville Center and ground breaking, Scott Colt indicated that the plans for the Vacaville Center will be submitted to the Division of the State Architect (DSA) in early September 2007 with the award of bid in Spring of 2008 and construction to begin shortly thereafter weather permitting which would most likely allow for the opening in fall of 2009. A ground breaking for the Vacaville Center could be held in spring 2008; however, this is dependent upon when the project receives DSA approval and the award of contract is made.

IS/P Fisher stated that part of the Consent Agenda was to hire an Interim Vice President of Academic Affairs. Kathy Rosengren recently retired as Dean of Humanities and has now been hired as Interim Vice President of Academic Affairs while the search for the Superintendent/President is conducted with the thought that the new Superintendent/President would have the opportunity to hire the new Vice President of Academic Affairs. IS/P Fisher congratulated IV/P Rosengren who was in the audience and has volunteered to conduct the preplanned Division Deans’ meetings all week long. IS/P Fisher thanked the Board for putting the District in good stead as we move to fill the positions during this transitory period with a permanent employee. On behalf of the Governing Board, Board President Keith expressed appreciation to IV/P Rosengren for her willingness to accept the interim position.

8. ITEMS REMOVED FROM CONSENT AGENDA

(a) Service Agreement with Rich Consultants, Inc. for Health Benefits Consulting Services.

Trustee Murphy called the Board’s attention to #7 Fee on page 24 which reads in part “For the services rendered pursuant to this Agreement, Contractor shall be entitled to the following
compensation, paid as follows: $175 per hour, plus an additional 10% for travel and expenses....” He also called the Board’s attention to #10 Expense which reads: “Contractor shall be responsible for his own expenses while providing the services called for in this Agreement.” Trustee Murphy stated that these two items conflict as one reads that the District will pay for travel and expenses while the other item clearly indicates that the Contractor pays for his own expenses and suggested that the phrase, “plus an additional 10% for travel and expenses” be deleted from #7.

After brief discussion, it was moved by Vice President McCaffrey and seconded by Trustee Ubalde for approval of item 8. (a) with the amended item #7 deleting “plus an additional 10% for travel and expenses.” The motion passed unanimously.

The grant helps with FTES and helps to keep programs current, i.e., current computers in Business Sciences.
