RESOLUTION IN THE MATTER OF THE STATE BUDGET CRISIS
AND THE IMPACT ON FUNDING FOR COMMUNITY COLLEGES

RESOLUTION NO. 09/10–20

WHEREAS, As part of the California Community Colleges system, the Solano Community College District ("District"), continues to experience ever growing demand for educational programs and services with a substantial increase in enrollment during the economic recession;

WHEREAS, During the 2009-10 budget year, the state reduced hundreds of millions of dollars for the operation of community colleges and our system is the only segment of the state’s higher education system for which revenue generated by student tuition and fees is not retained and controlled by the institutions whose students pay the tuition and fees;

WHEREAS, All community college enrollment fees are currently transferred to the state general fund to offset base revenue apportionment to the college districts;

WHEREAS, During 2009-10, the state enacted a “workload adjustment” in instructional support revenue, without COLA or other sources to mitigate the reduction and costs, for a total negative economic impact of $2,023,636 to the District;

WHEREAS, The District has been forced to cut 124 spring semester class sections and reduce student services support when enrollment demand is at its highest level in many years; and

WHEREAS, The District plays a vital role in the economy and welfare of its service region, contributing quantifiably to the quality of life of its communities in Solano County and the city of Winters in Yolo County; now, therefore be it

RESOLVED, That the Governing Board of Solano Community College District, its Superintendent/President, and its staff will work with interested parties in the community and in the state to advocate for a balanced approach to resolve state budgetary problems so that the delivery of educational services does not detrimentally affect the communities it serves, and the District can fulfill its higher education mission; be it further
RESOLVED, That Governing Board will advocate for local retention and control of all revenue generated by any increase in student enrollment fees and that new revenue from any increase in student enrollment fees will not offset base apportionment revenue.

PASSED AND ADOPTED This 17th day of March 2010, by the Governing Board of Solano Community College District.
