9. REPORTS (NO ACTION REQUIRED):

(a) Associated Students of Solano College (ASSC)

In the absence of Mr. Roosevelt Marshall, Governing Board Representative, Mr. David Brannen, reported that:

--the 2010 student election is in full swing, with polling taking place in the 1400 Building, April 19 through April 22, 9 a.m. – 1 p.m., and again 6 p.m. – 8 p.m. The Student Election Committee will commence its ballot counting April 23. As Election Committee Chair, Mr. Brannen reported that the election results would be provided as soon as they are duly certified at the ASSC meeting scheduled May 4.

--the ASSC is in the process of completing arrangements for its semester finals study lounge. Help from administration, faculty, staff, and Board members is needed to facilitate the event. Those interested in helping should contact Vice President Cecilia Panduro for full details.

--the ASSC would like to thank the Governing Board for extending an invitation to dine with them on May 5; however, the ASSC considered the variables associated with such an event, and by unanimous vote, elected to decline the gracious invitation. The Student Senate cited the need for resources to be utilized in a more frugal fashion, especially given the strictures emplaced due to the current economic and budget crisis. Expenditures generated by such an event are more appropriately routed toward student access and learning. Board members were invited to meet with student leaders anytime they choose.

--the ASSC is concerned about the potential ramifications of the proposed changes to the SCCD Community Policies and Fees being presented to the Board for information. The students are pursuing their concerns administratively and will bring them back to the Board at a later date if so warranted.
(b) Academic Senate

Dr. Jeff Lamb, Academic Senate President, reported that:

--he attended the ASCCC Plenary. In addition to several great workshops, the Plenary is a time of giving guidance to the ASCCC through a series of resolutions. In the resolutions, of note, were several related to:
   1. Support for the Consultation Council’s recommendations to the ACCJC. (Resolution 2.03)
   2. Plan to infuse cultural competency (Resolution 1.02)
   3. Two papers on Equity and Diversity
   4. The questions of transfer and articulation that Robin Arie-Donch brought to the Senate were referred to Exec. (Resolutions 4.04 and 4.05)
   5. Opposition to Proposed Modification of the California Community College Mission (Resolution 6.01)
   6. Chancellor’s Office MOU with Kaplan (Resolution 7.03)

--Dr. Waits presented Board Policy No. 5200 relative to Academic Council.
--the Senate discussed the Distinguished Faculty Award and Faculty Tenure Tea.
--the Senate has begun the election process. The new Senate President should be announced by the first Board meeting in the fall semester. A representative from the state was asked to attend our senate to serve as a general resource as we transition senators.
--the Distance Education Committee reported that they have asked the divisions to work collaboratively on online instruction to be sure online programs comply with Title 5 requirements. Concerns have been raised relative to workload issues of the DE Coordinator and solutions are being brainstormed.
--the Math faculty have presented concerns about cell phone usage and hope to create a Board Policy that will address their issues.
--that Dr. Richard Kleeberg, Banner Committee representative, reported on changes to committee structures in terms of decision making. The senate is looking forward to seeing more information on functions possible through MyBanner.

Trustee Chapman commented that she was happy to learn about the District Distance Education Program and asked Dr. Laguerre if a future Board Study Session could be devoted to our program. Dr. Laguerre responded affirmatively.

Trustee Keith inquired about the method of evaluating online instructors. Vice President of Academic Affairs, Leslie Rota, responded that they are evaluated just like the face-to-face instructors, only the students send in their student surveys electronically. The Deans evaluate the online instructors during a face-to-face evaluation.

A full and complete Academic Senate report to the Board is available on the Academic Senate blog at www.sccsenate.blogspot.com.

(c) Shared Governance Council

The TRAN will be issued through a statewide financing program sponsored by the Community College League of California. The purpose of the temporary borrowing is to increase available cash balances, which provide operating funds to cover cash shortfalls during this state budget crisis—a common practice in the community college system.

Moved by Vice President Young and seconded by Trustee McCaffrey to approve the resolution authorizing and approving the borrowing of funds for fiscal year 2010-11; the issuance and sale of a 2010-11 tax and revenue anticipation note therefore and participation in the Community College League of California Tax and Revenue Anticipation Notes Program, Resolution No. 09/10-23. The purpose of the agreement is to provide general financial planning and business services to Solano Community College District, which may include, but are not limited to, the following: analysis of long-term debt; redevelopment revenue analysis; development of financial strategies and analysis; recommendations of Board policy; general financial analysis as needed by the Vice President or President, and presentations to the Governing Board. The agreement term is through December 31, 2010, and total expenses are not to exceed $10,000.

Mr. Roth reported that due to her diligence he estimates she has located $440,000 due to the college. Analysis on this going forward is favorable. The fees she charges can be deducted from revenues from redevelopment agencies, and additionally, we can look at her services for bond and other revenue programs that are available through the state.

Moved by Trustee Keith and seconded by Trustee McCaffrey to approve the agreement with Terri Ryland, CPA DBA TRR School Business Consulting Services, through December 31, 2010, with total expenses not to exceed $10,000. The motion carried unanimously.

14. INFORMATION/ACTION – ACTION MAY BE TAKEN

(a) Agreement Between CTE Pathways Initiative and Solano Community College District to Manage Grant Activities

Ms. Deborah Mann, Program Developer, Workforce and Economic Development for Contract Education, presented the agreement between CTE Pathways initiative and Solano Community College District to manage grant activities. Ms. Mann stated the Contract Education is in receipt of two CTE Pathways Initiative Grants for FY 2010/11 totaling $100,000. The grant funds will be used to develop and deliver curriculum to Solano County high schools and middle schools, introducing students and teachers to Water/Wastewater and entrepreneurship career opportunities.

Rockridge Partners have been working with Solano Community College for five years, and before Dr. Laguerre came to the college, they weren’t going after this grant. Dr. Laguerre is interested in outside funding for building programs and services. The scope of work was identified in the Personal Services Agreement (PSA). Some of the money goes to pay for instruction, and other monies are for software. In the past, Rockridge Partners has managed these grants. Part of the PSA is about moving all of these activities to the College, and in turn Rockridge Partners will help us by facilitating the movement of the partnerships to the College from middle schools and high schools. This year, their costs have been reduced from previous years. This year we are doing waste water training to help students with career planning and career discovery.

There is a misconception these funds come from general fund, but rather from the Chancellor’s Office. Ms. Mann apologized for the misunderstanding regarding the funding source.

Moved by Trustee Keith and seconded by Trustee Claffey to approve the agreement between CTE Pathways initiative and Solano Community College District to manage grant activities through December 31, 2011. The motion carried unanimously.

15. INFORMATION ITEMS – NO ACTION REQUIRED

(a) Sabbatical Leave Reports for Academic Year 2008-2009

Dr. Laguerre introduced Ms. Gail Kropp, who reported on her fall 2008 sabbatical leave entitled, “New Uses of Technology in Foreign Language Instruction, Implications for the SCC Foreign Language Curriculum.”

Ms. Kropp began by saying, “If I were to tell you that I spent my sabbatical leave exploring Moodle, Wimba, YackPack, Mixxer, MERLOT [Multimedia Educational Resource for Learning and Online Teaching], you might be tempted to exclaim, ‘there that faculty goes again, goofing off on the company’s dime.’” The exotic-sounding names notwithstanding, her sabbatical project was indeed a serious, academic investigation of Web 2.0 technology and its applicability
to the foreign language classroom at Solano Community College. The Board was previously provided a copy of her lengthy sabbatical leave report; therefore, Ms. Kropp focused her comments on how her sabbatical efforts have translated into innovations in SCC foreign language classes.

MIXXER – online language exchange via Skype hosted by Dickenson College
- can sign on as classes or individuals
- can do voice and text chat features
- described how it works
- began with a few ‘Versuchskanninchen’ during the sabbatical semester
- now SCC students levels 1-4 have signed up for language partners
- friendships developing
- idiom came up in German 4 class recently

PODCASTS (e.g., SLOW GERMAN)
- if you can remember back to your language learning days – how much did you enjoy going to language lab or listening to the audio material accompanying your text?
- Annik Rubens – Schlaflos in München
- Listeners worldwide
- Described Themen, and how it works
- International Community of German learners
- Colleagues in foreign language now adopting

QUIA – electronic SAM (advantages)

LangMedia, REALIA Project, MERLOT–three different sites that offer faculty-reviewed and produced materials for the foreign language classroom, which are excellent sources of a variety of enrichment materials.

YOUTUBE
- Teaching Rilke’s Der Panther – materials found, German student art film
- “Guerrilla” German lessons – pronunciation practice, birthday party

Adding the kind of creative, interactive elements described into the foreign language curriculum requires time, a luxury practicing teachers rarely have. While it is great fun to hunt down new materials, integrating those materials into the curriculum and learning new technologies are labor and time-intensive undertakings, which are a perfect use of time spent on a sabbatical leave.

Ms. Kropp thanked the members of the Board for having approved her sabbatical project and for their continued support of sabbatical leaves, which is a splendid way to honor and empower teaching and learning at Solano Community College.

Dr. Laguerre introduced Ms. Mary Gotch-Posta, who reported on her spring 2009 sabbatical leave entitled, “Revision of Curriculum, Development of Courses and Research on Pseudoscience.”
Ms. Gotch-Posta stated that the goal of her sabbatical leave was to revise course offerings in the Psychology Department. Her report included a summary of pseudoscience research design, a new Section K (developmental psychology course); a course proposal (Science and Pseudoscience); journal articles (Pseudoscience and Critical Thinking), and a list of textbooks to be used in the course.

Pseudoscience has been an interest of Ms. Gotch-Posta’s for years and a concept that she discusses in all of her courses. In doing an in-depth literature review on pseudoscience, she broadened her knowledge of the subject. The new course proposal will allow her to address the topics in more critical detail.

Ms. Gotch-Posta also used her sabbatical leave to collaborate with a Canadian colleague on research, which allowed her the opportunity to refresh her own research skills, sharpen her applied skills, and seek professional collaboration on new and relevant research. Ultimately, it will provide opportunities for her research methods students to get involved in a real research project, thus providing them a “hands on” experience. A further benefit to students is that the topic of study is critical thinking, which is thought to be enhanced by the methods and procedures taught in a research design course. The results of the study will be submitted for presentation at a major psychological conference.

Board President Honeychurch thanked both Ms. Kropp and Ms. Gotch-Posta for their fine work on their sabbatical leave projects.

A full and complete copy of the respective sabbatical leave reports is available for review in the Office of the Superintendent/President.

(b) Community Services Policies and Fees

Dean Bob Myers, PE/Wellness/and Athletics Division, presented to the Board information on the proposed changes to the Community Services facility request procedures, fee schedules, and College facility rentals. Dean Myers acknowledged those staff members who worked so diligently on the proposal: Leslie Rota, David Froehlich, Chris Guptil, and Janice “J.J.” Eaves. Dean Myers reported that there have not been changes made in the policies and fees for about seven to eight years and that the main goal of the updates was to cover direct and in-direct costs of the District in the use of our facilities. Data was gathered from other colleges, which included costs to keep the pool open. The committee looked at what was reasonable for our community and where we could reasonably increase income. Dean Myers advised this information has been shared with the Superintendent/President’s Cabinet, Shared Governance Council, and FaBPAC, all of whom have concurred with the proposed changes.

This item will return to the Board for approval May 19, 2010.

(c) Proposed New Governing Board Policy, No. 1140, Building Dedication Plaques

Dr. Jowel Laguerre, Superintendent/President, asked Trustee Thurston to present the proposed new Governing Board Policy, No. 1140, Building Dedication Plaques. The purpose of the new

Trustee Thurston advised this proposed policy was meant for information only and will move through the normal process of review by the Shared Governance Council and will return to the Board for approval at a future meeting.
