VP Ligioso stated there is no “Plan B”, but the possibility of an “all-cuts” budget; $5 billion reduction in proposition 98 funding, which the Governor has stated he is not willing to do because it would eliminate 52,000 community college courses, raise the enrollment fee to $125 per unit, together with significant changes in the K-12 education structure, and add $500 million in cuts each to the U.C. and CSU systems.

14. NON-CONSENT AGENDA ITEMS – ACTION ITEMS

Superintendent-President

(a) Proposed Reorganization Plan for Academic Affairs

Dr. Jowel Laguerre, Superintendent-President, presented the proposed Reorganization Plan for Academic Affairs, which is to align disciplines with opportunities for succession and offer savings to the District in these critical budgetary times. This plan was vetted through forums, College committees, and the President’s Cabinet.

President Laguerre stated that the reorganization will be monitored to ascertain how it is working. In open forums, it has been stated that within two to five years the District needs to look at the aspect of Department Chairs and how we want to support the Deans. We want to
involve faculty and staff in discussions very soon. EVP Reyes has already begun discussions with the Academic Senate.

Had the budget situation been different for us, we could have done things differently. As the budget picture improves, we definitely will take another look at what other options may be available to us. Right now we need the savings that the reorganization offers us. Originally the reorganization was planned for fall 2012, but because of the budget issues we felt we needed to move more quickly. Dr. Laguerre promised to re-evaluate and make necessary adjustments as necessary.

Moved by Trustee Chapman and seconded by Trustee Keith to approve the proposed Reorganization Plan for Academic Affairs, to take effect July 1, 2011. The motion passed with the following roll call vote.

STUDENT TRUSTEE ADVISORY VOTE – Lexi Parmer concurred.

AYES: Trustee Keith, Trustee Chapman, Trustee Thurston, Trustee McCaffrey, Vice President Young, and Board President Honeychurch

NOES: Trustee Claffey

ABSENT: None

Trustee Chapman commented that these are difficult times. In listening to the comments expressed by faculty and friends relative to the need for transparency, Trustee Chapman feels Dr. Laguerre has handled this matter in an open democratic process. We have gained a lot of ground by being open and would hate to lose that momentum. Trustee Chapman stated the reason why she voted yes was based on the current budget situation and the need to do what is necessary in order to function as an organization.

Board President Honeychurch stated he will hold Dr. Laguerre to the concept if there needs to be revisions that he will bring this matter back to the Board as needed. Our speakers made good points, but we need to try this in light of the current budget situation.

(h) **Conduct Request for Proposal (RFP) for Outsourcing Bookstore Services**

Vice President Yulian Ligioso, Finance and Administration, presented the request to conduct a Request for Proposal (RFP) for the proposed outsourcing of bookstore services. Vice President Ligioso explained the economic rationale for outsourcing the bookstore to an outside vendor; the campus dialogue that has taken place with bookstore employees, faculty, staff, and students; and the process and timeline necessary to ensure a seamless transition so that services to students and faculty will not be minimized or compromised.

VP Ligioso indicated that staff has done an excellent job in keeping the bookstore going, despite the reductions in staff. This service has been on the “people and things” list for about two and one-half years as an option to reducing our revenue stream. VP Ligioso stated he has met with CSEA and staff, representation from ASSC, the Senate, FaBPAC, Shared Governance Council, Financial Aid, CalWORKs, and a number of divisions. The intent is to get the issues outlined to incorporate into an RFP. The bookstore perspective is they are concerned about jobs. VP Ligioso was clear that whoever comes in would absorb our staff as part of the operation and they would continue as CSEA members and will be afforded all bargaining unit rights as it relates to the salary schedule and continued benefits. All matters of concern will be addressed, i.e., cost of textbooks, investigation of a pilot program in rental texts this summer, custom publishing, and many others. Receiving a net commission would serve us quite well, which would be an opportunity to increase our revenue stream.

Trustee McCaffrey stated he could not support the RFP at this time and would like to see the actual RFP before a vote is taken. Trustee McCaffrey expressed his concern for the four employees and the students’ interests being protected. Trustee McCaffrey voted no.
Trustee Chapman asked VP Ligioso if he had the names of other campuses that are currently outsourcing their bookstore and if he had talked to them about the pros and cons.

Trustee Thurston asked if the company guts our bookstore and puts in their equipment. VP Ligioso responded in the affirmative, stating they revamp as necessary. They also pay for the capital investments.

Moved by Vice President Young and seconded by Trustee Thurston to approve the RFP for outsourcing Bookstore services as presented. After discussion, the item failed.

Moved by Trustee McCaffrey and seconded by Trustee Thurston for the actual RFP to be developed and shared with the Board at a future meeting for approval. The motion carried unanimously.
