Superintendent-President

(a) Proclamation from Solano Community College District Commemorating the Seventieth Anniversary of Pearl Harbor Day and Honoring all World War II Veterans, Resolution 11/12-11

December 7, 2011, marks the 70th anniversary of Pearl Harbor Day, the day when 2,400 lives were lost and changed America forever as it catapulted our nation into World War II. Thousands of Solano County residents answered our country’s call for military service by joining the Armed Forces or the call for civil service by working at Mare Island and other bases. Their service to America has ensured that our country still stands strong, that our founding principles still shine, which allow us to enjoy the blessings of life, liberty, and the pursuit of happiness.

Solano Community College offers sincere appreciation and respect to our WWII Veterans and service members. They have served with courage and distinction in the face of tremendous adversity, and they have demonstrated an unflinching commitment to America.
Solano Community College honors the contributions of our Veterans and service members to our great and grateful nation with this Proclamation, Resolution No. 11/12-11.

Moved by Trustee Keith and seconded by Trustee Young to approve the Proclamation from Solano Community College District Commemorating the Seventieth Anniversary of Pearl Harbor Day and Honoring all World War II Veterans, Resolution 11/12-11. (b) Resolution in Support of Senate Constitutional Amendment (SCA 5), Resolution No. 11/12-12

Regrettably, the future of funding for California’s K-14 education system does not look promising. American Recovery and Reinvestment Act (ARRA) funds have dried up. The revenues from the one-time tax increases as part of the Budget Act of 2009 have expired.

Senate Constitutional Amendment (SCA) 5 (Simitian—State Senator, Eleventh District), which reduces the two-thirds vote requirement in parcel taxes, will be acted on by the California State Legislature. Reductions in the state General Fund revenue have led to reduced school funding. This unstable and erratic funding revenue has resulted in unpredictable funding levels for school districts and county offices of education. The parcel tax revenue can provide a stable, predictable source of school revenue.

Passage of SCA 5 will empower local voters to invest in their schools based on the needs of their communities by requiring a tough, but fair 55 percent vote to pass local parcel taxes, while protecting taxpayers and homeowners with accountability provisions that will ensure that funds generated from parcel taxes are not wasted or mismanaged. Passage of SCA 5 will allow local voters to decide to make investments in their neighborhood schools in addition to state funding. Revenue.

Moved by Trustee Young and seconded by Trustee Keith to approve the resolution in support of Senate Constitutional Amendment (SCA 5), Resolution No. 11/12-12. The motion passed with the following roll call vote.

STUDENT TRUSTEE ADVISORY VOTE – Vacant
AYES: Trustee Keith, Vice President Chapman, Trustee Young, and Board President Thurston
NOES: Trustee Honeychurch
ABSENT: Trustee McCaffrey and Trustee Claffey

Dr. Jowel Laguerre, Superintendent-President, presented Change Order No. 01 to PALS (Professional Asbestos & Lead Services, Inc.) contract for Building 1300 asbestos abatement. This change order is the first but also the final change order for this asbestos abatement project and consists of a single PCO for asbestos that was previously undetectable until covering areas and materials were disturbed. Work is complete and the District is awaiting project certification.

This added cost is mostly for demolition, and a majority of the costs will be recouped by a reduced demolition scope for the general contractor renovating the building. The total change order amounts to $10,975.00

Moved by Trustee Keith and seconded by Vice President Chapman to approve Change Order No. 01 to PALS (Professional Asbestos & Lead Services, Inc.) in the amount of $10,975. The motion carried unanimously.

(d)  Designation and Disposal/Disposition of District Surplus Equipment and Property, Resolution No. 11/12-13

Dr. Jowel Laguerre, Superintendent-President, presented the Designation and Disposal/Disposition of District Surplus Equipment and Property, Resolution No. 11/12-13. Since the last time the District disposed of surplus items in August, staff has continued to accomplish major housecleaning in a number of buildings, as well as the maintenance and operations (M&O) yard and storage containers. As the District continues to “clean house,” and in compliance with the 81000 series of the California Education Code for appropriate disposition methods and/or restrictions, the District requested authorization to dispose of surplus miscellaneous science equipment, computer and reprographics equipment, used and broken furniture, and salvaged construction materials.

Moved by Vice President Chapman and seconded by Trustee Young to approve the Designation and Disposal/Disposition of District Surplus Equipment and Property, Resolution No. 11/12-13. The motion passed with the following roll call vote.

STUDENT TRUSTEE ADVISORY VOTE – Vacant
AYES: Vice President Chapman, Trustee Young, Trustee Keith, Trustee Honeychurch, and Board President Thurston
NOES: None
ABSENT: Trustee McCaffrey and Trustee Claffey

Vice President Chapman inquired, if back in August, the local school districts benefitted from our surplus equipment. Director Froehlich responded in the affirmative, stating almost all of the science equipment was picked up immediately by several of the K-12 districts, with the most valuable equipment being that of two batches of computers.
Academic and Student Affairs

(e) Aldea Children and Family Services

Board President Thurston recognized Professor Bob DaPrato.

Professor DaPrato welcomed newly appointed Board President Thurston. He stated he is happy that the Board is addressing the Aldea Children and Family Services CARE Program Memorandum of Understanding with the District. It is a long time coming that we have needed psychological services on campus. There was a time when counselors and psychology staff were trained in crisis intervention therapy and could provide services. The time has come when we need this even more because of the social issues facing the county, especially for people on medications. Professor DaPrato expressed his concern that four hours a week is minimal at best and that we need more time. The program is calling for training of faculty and staff in some kind of program so we will have more than one person four hours a week. It would be optimum, he said, if there were several people on all three campuses that were trained where faculty and staff could call upon them for assistance. Mr. DaPrato asked the Board to consider looking at this program more thoroughly and making it more available with more services.

Board President Thurston thanked Professor DaPrato for his comments.

Dr. Jowel Laguerre, Superintendent-President presented the Aldea children and Family Services memorandum of understanding.

Aldea's Vision is for all people of Napa and Solano Counties to be able to achieve emotional wellness and become active, contributing members of our communities, in spite of past abuse or emotional challenges.

In collaboration with the SCC Student Health Center and the Counseling Center, Aldea mental health workers will place a clinician at Solano Community College’s Student Health Center at the Fairfield campus one day a week for four hours to accommodate walk-in students. Underserved and underinsured students will also have the opportunity to be referred to Aldea’s full-service mental health clinic located in Fairfield if they are not able to arrive at the walk-in services. Aldea will also provide mental health crisis training at no charge to SCC faculty, staff and students throughout the year.

Dr. Laguerre commented that the Board is also concerned about assistance for the Centers and suggested that staff will explore more opportunities at these locations.

Moved by Trustee Keith and seconded by Trustee Young to approve the Aldea Children and Family services memorandum of understanding as presented. The motion carried unanimously.

(f) Sabbatical Leave Recommendations for Academic Year 2012-2013
Dr. Jowel Laguerre, Superintendent-President, stated that the Sabbatical Leave Committee is requesting approval of the following instructors for sabbatical leaves as follows, both being worthy for consideration:

- Sabine Bolz  Fall 2012 and Spring 2013  ($30,000)
- Carlos Esteve  Fall 2012  ($15,000)

Moved by Trustee Young and seconded by Trustee Keith to approve the Sabbatical Leave recommendations for the Academic Year 2012-2013 at a cost of $45,000.00. The motion carried unanimously.

Ms. Sandra Dillon, Interim Director of Human Resources, presented a PowerPoint review on SCC employee evaluations. The review included employees in the Administrative Leadership Group (ALG); California School Employees Association (CSEA); Operating Engineers (OpE); and Solano College Faculty Association (SCFA).

In May 2011, managers and supervisors were provided an evaluation list of those employees that were past due or due by December 2011 by Human Resources. The review presented by Ms. Dillon is based on evaluations that were completed, submitted, recorded, and filed in the Human Resources Department by December 20, 2011.
Interim Director Dillon identified the evaluation timelines for each group on campus, based on contract, tenure track, adjunct; new employee status, continuing, probationary, or permanent status. Graphs identified the percentage of evaluations completed by employees group, area overview with accompanying detail for each group.

Ms. Dillon concluded by stating that while the reports show we are not 100 percent complete or where we need to be, significant progress has been made and an aggressive endeavor will be made to complete the job in the spring semester.

Trustee Young thanked Interim Director Dillon for the thorough report and stated that staff in the Human Resources Department did an excellent job.

Trustee Honeychurch inquired what the plan is to get to one hundred percent completion. Executive Vice President Reyes stated that focus was on the full-time faculty first, which was monumental in itself. The next priority will be the adjunct faculty next semester; stating further it was impossible to get them all done at the same time. The evaluations are a work in progress.
