DATE APPROVED BY SUPERINTENDENT-PRESIDENT
MEMORANDUM OF UNDERSTANDING

Pursuant to the Vallejo City Unified School Career Pathways Trust Initiative in Vallejo, California

This Memorandum of Understanding describes the overarching agreements, values, policies and operating agreements reached by the Vallejo City Unified School District (VCUSD) Vallejo Careers Pathway Trust (VCPT) Grant Initiative (VCPT) in March 2014. The Vallejo Careers Pathway Trust Grant Initiative will be operated in compliance with the California Department of Education, Career & College Transition Division through the AB 86 California Careers Pathway Trust grant. The Vallejo Careers Pathway Trust Grant Initiative is carried out under CDE, and encourages the coordination of education, industry and community through partnerships among: 1) local educational agencies; 2) post-secondary institutions; 3) regional industry; and 3) community-based organizations, non-profit organizations, and other public or private entities.

Purpose of Memorandum of Understanding

This agreement is entered into in a spirit of cooperation by the partner agencies and organizations to describe how their various institutional resources and funding can be utilized to better serve Vallejo City Unified School District students, parents, and families, through an integrated system of service delivery operated in the Vallejo Careers Pathway Trust Grant Initiative (noted throughout this document as the VCPT) in Vallejo, California. It is understood that the development and implementation of this district-wide system will require mutual trust and teamwork between all agencies and organizations (the partners) to accomplish shared goals.

Overarching Goal and Core Principles of the VCPT

Based on the expectations of the AB 86 California Careers Pathway Trust, the overarching goal of the VCPT is to build robust partnerships between employers, schools, and community colleges in order to better prepare students for the 21st century workplace and improve student transition into postsecondary education, training, and employment.

The VCPT is built on the following evidence-based assumptions and core principles:

1. Students participating in career pathways programs will be more fully prepared for career and college.

2. Collaborative regional or county-wide networks are more likely to build innovative and quality (high-skill, high-wage, and high-growth) career pathways programs that lead to employment or postsecondary education than programs designed by a single institution.

3. Work-based educational and training opportunities will enhance the employment prospects of low and moderate income individuals, and contribute to the stability and economic development of their communities.

4. Integrated academic and technical learning will best prepare students for both postsecondary education and careers in high-skill, high-wage, and high-growth sectors of the economy.

To further the local vision, outcomes and goal of the VCPT, all partners signed herein will:

- Establish or strengthen existing regional collaborative relationships and partnerships between business entities, community organizations, and educational agencies;
- Develop and integrate standards-based academics with a career-relevant, sequenced curriculum following industry-themed pathways that are aligned to high-skill, high-wage, high-growth jobs, or emerging regional economic sectors;
- Provide articulated pathways to postsecondary education aligned with regional economies.
- Leverage and build on any of the following:
  - Existing structures, requirements, and resources of the Carl D. Perkins Career and Technical Education Improvement Act of 2006, California Partnership Academies, and Regional Occupational Centers and Programs (ROCPs) including staff knowledge, community relationships, and course development;
  - Matching resources and in-kind contributions from public, private, and philanthropic sources.
  - The California Community Colleges Economic and Workforce Development Program and its sector strategies and deputy sector navigators.
Participation in the local California Community Colleges Skills Panel.

Program Outcome Measures

The VCPT partners will be held accountable to the following measurable outcomes during the period of the grant.

1. Increase the graduation rate
2. Increase # of students graduating with A-G requirements met
3. Increase # of students passing the CAHSEE (first time)
4. Increase # of internship opportunities
5. Number of participating students enrolled in career pathways
6. Number of students participating in internships, work-based learning, mentor, job shadowing opportunities, work experience and student leadership programs.
7. Number of students in the career pathways program who received a high school diploma
8. Number of students in the career pathways program who received a nationally recognized or state approved career technical education certificate.
9. Number of students who completed one credit-bearing course and/or completed a career pathway within the career pathways programs
10. The number of student in career pathways program who entered employment or training.

Guiding Purpose for VCPT

Functional Integration of Service Delivery

Together, the partners will plan, coordinate, and provide services in an effort to maximize the utilization of resources, and will continuously enhance the integrated Careers Pathway Trust delivery system. This will result in a seamless system where there is no wrong door and everyone who contacts the VCUSD in any manner is considered a "shared customer" based upon the Stanford University research-based Collective Impact Model of 2011.1 This model involves creation of a centralized infrastructure, a dedicated staff, and a structured process that leads to a common agenda, shared measurement, continuous communication, and mutually reinforcing activities among all participants coordinated by a "backbone" agency. VCUSD will serve as the backbone agency for the VCPTP delivery system.

Each partner will maintain appropriate managerial control over their funded program services delivered on the VCUSDVCPT school sites and responsibility for staff performance. As the work environment transforms to one with multiple partners serving common students within the framework of functionally integrated teams, it is anticipated that functional supervision of VCPT staff will be supported by an independently functioning VCPT Backbone Agency facilitating enhanced VCPT customer service flows, improving outcomes, and coordinating the work of all participating VCUSD VCPT partners.

Enhanced Employer Services

Together, the partners will embrace the researched-based Collective Impact Model developed by Stanford University focusing on youth academic, social and health development and implementation of innovative, integrated VCPT strategies to meet student needs to help VCUSD children meet challenging academic content and achievement standards. Our VCPTP Backbone Agency Team (BAT) will be comprised of VCUSD Board of Directors, VCUSD staff, VCPT Partners, and other private, public, and community-based entities which shall interface with a larger network of Vallejo local and regional community partners to improve academic, health and social welfare outcomes for VCUSD students and parents. This BAT Partner Team will meet quarterly to share information and strategize on how to leverage resources and continuously improve VCPT services.

Consensus Management

Together, the VCPT partners will work closely to ensure that all the needs of our students are met. VCPT partners will make decisions by consensus at all levels of the organization and promote trust, ownership, and teamwork working through the VCUSD VCPT Backbone Agency Team (BAT).

**Funding of VCPT Services and Operating Costs**

It is agreed that the VCPT program services and activities provided through the VCUSD VCPT Partnership will be funded by VCUSD through the Careers Pathway Trust grant. In-kind and actual shared costs for programs, services, facilities and/or related items among the VCPT partners. In addition, VCPT partners agree to track in-kind and actual shared costs for programs, services, facilities and/or related items among all VCPT partners.

**Indemnification and Liability**

By executing this MOU, each party agrees to work together to deliver VCUSD VCPT services for VCUSD students and families. However, the parties are not legally “partners” to the extent that term encompasses joint and several liabilities. Each entity under this MOU is responsible for its own employees, representatives, agents, and subcontractors.

**Insurance**

The Parties agree that the District is not to assume any liability under the California Worker’s Compensation Insurance and Safety Act for any [ENTITY] students while said students are on the premises of the District, while performing any duty under the Agreement, or while going to or coming from any of District’s facilities. All workers’ compensation insurance shall be at the cost of the [ENTITY], and all premiums will be paid by the [ENTITY].

**Equal Opportunity and Nondiscrimination Obligations**

The partners to this MOU agree that they will not discriminate in its employment practices or services on the basis of gender, age, race, color, creed, religion, national origin, disability or veteran’s status, faith based organizations, or on the basis of any other classification protected under state or federal law. The partners to this MOU certify that they are equal opportunity employers, have policies and procedures in place to address these issues, and that such policies and procedures have been given to all employees and posted as required by law.

SUBJECT: LETTER OF ENGAGEMENT WITH VAVRINEK, TRINE, DAY & CO., LLP (VTD) TO CONDUCT THE FEDERAL INDIRECT COST CALCULATION

REQUESTED ACTION: APPROVAL

SUMMARY:

Solano Community College (SCC) received its first large federal grant this year: $199,960 from the National Science Foundation. Receiving this grant makes SCC eligible to apply for a federal indirect cost rate determination. Indirect costs are those costs which are not readily identifiable with a direct grant cost, and include costs like the salaries of administrative staff, facilities costs, office supplies, and some technology and communications costs. Securing an Indirect Cost Rate will allow the College to capture the costs of real administrative work done in support of grant programs. Once granted, this rate can be used for all future federal grants.

Two firms were evaluated to conduct the federal indirect cost calculation. The District recommends to engage the services of Vavrinek, Trine, Day & Co., LLP (VTD) to assist the College in developing an indirect cost plan and prepare the submission for Federal approval.

Board approval is requested at this time.

Mr. Patrick Killingsworth
Director of Fiscal Services
Solano Community College District
4000 Suisun Valley Road
Fairfield, CA 94534-3197

Dear Mr. Killingsworth:

Thank you for your interest in contracting with our firm for the Federal Indirect Cost calculation. It was a pleasure to speak with you this today; I look forward to meeting you sometime in the future. For our purposes, this engagement letter serves as a contract for the work requested.

The standards to which VTD will conform are intended to better serve the public interest and to maintain a high degree of integrity, objectivity and independence for both audit work and for non-audit work with government audit clients.

The standard for non-audit services for government audit clients is based on two overarching principles:

- Auditors (VTD) should not perform management functions or make management decisions; and
- Auditors (VTD) should not audit their own work or provide non-audit services in situations where the amounts or services involved are significant / material to the subject matter of the audit.

In lieu of these principles, our available resources and considering your needs, our firm suggests the following way that we can assist you. We will provide you with professional accounting assistance within the engagement scope and on the terms stated below.

**OBJECTIVE OF ENGAGEMENT**
The College requests assistance in developing an indirect cost plan for Federal approval.

**SCOPE OF SERVICES**
The work will be non-audit services as defined by Governmental Auditing Standards issued by the Comptroller General of the United States. Our work will not constitute an audit or review of transactions and should not be relied upon as such.

The College is responsible for the appropriate recording and reporting of financial transactions and management decisions. Accordingly, all work will be conducted at your direction or the Vice President of Finance & Administration, to insure that the work meets the College's objectives. Either the VP or the Director will be responsible for review and approval of any work product directly prepared by VTD, including any adjustments to the accounting records that may be proposed by VTD, or reports drafted by VTD during the engagement.
Governmental Auditing Standards require that the College be responsible for the substantive outcomes of VTD work and be in a position in fact and appearance to make an informed judgment on the results of the non-audit services and that the Solano Community College

- Designates a knowledgeable management level individual to be responsible and accountable for overseeing the non-audit services.
- Establishes and monitors the performance of the non-audit services to ensure that it meets management's objectives.
- Makes any decisions that involve management functions related to the non-audit services and accepts full responsibility for such decisions.
- Evaluates the adequacy of the services performed and any findings that result.
- Informs the board of this engagement.

DELIVERABLES
Specific services to be provided follow. Any additional services requested, other than routine advice and training will require an amendment of this agreement.

- VTD will assist the College in developing an indirect cost plan for Federal approval.

During the course of our engagement, you may request that we provide services outside the defined scope of this agreement. For us to consider such services, we require you provide a request in writing to us via the engagement partner. Should we agree to provide the additional services outlined in your written request, we will discuss with you the terms of those services and document those terms in an appropriate form, which may include an amended or separate engagement letter.

STAFFING
The Partner in charge of the engagement will be Caroline Larson. Every effort will be made to delegate work to our accounting staff to minimize the expense to the College and/or meet College deadlines.

Vavrinek, Trine, Day & Co., LLP has owners that are not licensed as certified public accountants as permitted under Section 5079 of the California Business and Professions Code. It is not anticipated that any of the non-licensure owners will be performing audit services for the agency.

FEES
Fees will be based on the hours worked. Invoices will be submitted monthly and are due upon receipt.

SUBJECT: COMPENSATION AGREEMENT BETWEEN CITY OF DIXON AND SOLANO COMMUNITY COLLEGE DISTRICT FOR SALE OF PARDI MARKET SITE

REQUESTED ACTION: APPROVAL

SUMMARY:

The City of Dixon's Redevelopment Agency (RDA) was dissolved by State statute on February 1, 2012. This statute, known as ABx1 26 or "the Dissolution Act," calls for the unwinding of redevelopment and the disposition of former redevelopment agency property, such as the Dixon Pardi Market Site (Pardi), located at the southeast corner of A Street and First Street. Pardi has a physical address of 165 East A Street, and is referenced by Assessor Parcel Number 116-061-140.

Dixon intends to purchase Pardi using the attached Compensation Agreement, approved by the California Department of Finance for this transaction. This Compensation Agreement identifies, among others, the purchase price, legal description, and estimated percentage share of the proceeds derived from the sale of Pardi to each Taxing Entity listed on Exhibit A. Solano Community College is identified in Exhibit A. The appraised value of the Pardi Market site is $140,000. Solano Community College’s projected share is $4,039.98.

COMPENSATION AGREEMENT

This COMPENSATION AGREEMENT (this "Agreement") is entered into as of the 1st day of August, 2014 (the "Effective Date"), between CITY OF DIXON, a California municipal corporation ("City"), and Solano Community College, the Other Taxing Entity ("OTE") with reference to the following.

RECITALS

A. The Redevelopment Agency of the City of Dixon (the "Redevelopment Agency") was activated by the City Council of the City of Dixon (the "City Council") as a Redevelopment Agency under the California Community Redevelopment Law (Health & Safety Code Section 33000 et seq.).

B. On June 28, 2011, the California Legislature enacted, and the Governor signed, Assembly Bill 26 from the 2011-12 First Extraordinary Session of the California Legislature ("ABx1 26") to dissolve all redevelopment agencies in the State of California.

C. On January 11, 2012, and pursuant to Health and Safety Code Section 34173, the City Council affirmed that the City would act as Successor Agency (the "Successor Agency") for the dissolved Redevelopment Agency, effective February 1, 2012.

D. On June 27, 2012, the California Legislature enacted, and the Governor signed, Assembly Bill 1484 ("AB 1484"), which, among other things, made certain revisions to certain of the statutes added by ABx1 26.

E. The Successor Agency is responsible for implementing ABx1 26 and AB 1484.

F. The Oversight Board of the Successor Agency of the City of Dixon ("Oversight Board") has been established to direct the Successor Agency to take certain actions in connection with the winding down of the affairs of the former Redevelopment Agency.

G. Pursuant to Health and Safety Code section 34191.5, added by AB 1484, the Successor Agency prepared a Long-Range Property Management Plan ("LRPMP") addressing the disposition and use of the real property of the former Redevelopment Agency (the "Property").

H. The LRPMP proposed for the Successor Agency to transfer the Property to the City for future development with private commercial lessees who would not be eligible for property tax exemption, thereby ensuring that during the time of City
ownership the other "taxing entities" (as defined in Health and Safety Code section 34171(k)) would receive their proportionate share of future property tax revenue.

I. In response to a written request by the DOF made in connection with the DOF's review of the LRPMP, the Oversight Board adopted Oversight Board Resolution No. 14-002 on March 11, 2014, directing the Successor Agency to obtain compensation agreements with OTE pursuant to Health and Safety Code section 34180(f) at such time as City sells the Property.

J. City has sold, or is in escrow to sell, the Property, and now wishes to enter into this Agreement with OTE to pay to OTE its proportionate share of the sales proceeds received, or to be received, by the City, in connection with said sale, as determined pursuant to Health and Safety Code section 34188. The purchase price is $140,000.

NOW, THEREFORE, IN CONSIDERATION OF THE FOREGOING RECITALS, WHICH ARE INCORPORATED BY THIS REFERENCE, AND THE MUTUAL PROMISES CONTAINED IN THIS AGREEMENT, THE PARTIES AGREE AS FOLLOWS:

AGREEMENT

1. Payment to OTE of Proportionate Sales Proceeds. Within fifteen (15) days after the close of escrow pursuant to which City sells and conveys fee title to the Property, City shall pay to OTE OTE's proportionate share of the sales proceeds received by City in connection with said sale, as determined pursuant to Health and Safety Code section 34188.

2. Time. Time is of the essence of this Agreement.

3. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same Agreement.

4. Governing Law. This Agreement shall be governed by, and construed and enforced in accordance with, the internal laws of the State of California, without regard to conflict of law principles.

5. Entire Agreement. This Agreement contains the entire agreement between the parties respecting the matters set forth in this Agreement, and supersedes all prior agreements between the parties respecting such matters.
6. **Non-liability of City Officials and Employees.** No member, director, officer, official, employee, or volunteer of City shall be personally liable to OTE, or any successor in interest, in the event of any default or breach by City or for any amount which may become due to OTE or successor, or on any obligation under the terms of this Agreement.

7. **Successors and Assigns.** All the terms, provisions and conditions of this Agreement shall be binding upon and inure to the benefit of the parties and their respective successors, assigns and legal representatives.

8. **No Third Party Beneficiaries.** No person or entity other than City and OTE, and the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

The Parties have executed this Agreement on the day and year first written above.

Subject: Request to Construct a Pedestrian Access Connection to the Solano Community College Trail

Dear Mr. Calloway:

Our company is proposing to build a 286-unit apartment complex on a 13-acres site located on Business Center Drive in the City of Fairfield. We recently submitted a planning application to the City for the project. As part of the construction of the project, we would like to provide pedestrian access from the apartment complex to the Solano Community College trail system. The City of Fairfield has encouraged us to do so, since the SCC trail connects directly to the Fairfield Linear Park Trail system.

We feel the pedestrian access connection would be mutually beneficial. It would provide SCC students and employees, who may live at the apartment project, the opportunity to walk or bike ride to the SCC campus. Also, residents of the apartment complex would be able to access the city-wide Linear Park Trail system.

The proposed pedestrian access pathway will connect to the existing college-owned trail north of our project. Exhibit A shows the proposed trail connection location in relationship to the apartment project and the existing SCC trail and facilities. A 5-foot wide asphalt pathway would be constructed from the apartment site to SCC’s existing asphalt trail. In addition, a 5-foot wide opening in the existing chain link fence, located along the trail, will be required for the pathway connection (Exhibit B). Our company would be responsible for the cost of the pedestrian trail connection improvements.

In order to construct the trail connection, I believe we would need to obtain a Right of Entry and Pedestrian Access Easement from Solano Community College. If our request is acceptable to the College, please advise the best way for us to proceed forward with the construction. If you have any questions, or need any additional information, you can reach me at (209) 955-2523.
