Full-time faculty have an academic year in which to fulfill their flex obligation. Six hours each semester are fulfilled by attending the mandatory convocation and workshops on Friday. Any overload obligation must be completed during the semester in which payment is received. Faculty may use up to six hours on optional Flex-Cal days to work on curricular activities.

Adjunct Faculty Participation

Adjunct faculty may participate in on-and off-campus in-service activities with approval of immediate supervisor for the number of hours equal to their weekly assigned hours for the semester and will be reimbursed for their participation at their hourly rate of pay. Part-time faculty are required to complete their obligation during the semester in which payment is received.
