If this method proves unsuccessful, then all claims, disputes or controversies as stated above may be decided through arbitration, if agreed to by all Parties.

ARTICLE 21. Severability

If any term, covenant, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

ARTICLE 22. Employment Status

- 22.1 Construction Manager shall, during the entire term of Agreement, be construed to be an independent contractor and nothing in this Agreement is intended nor shall it be construed to create an employer-employee relationship, a joint venture relationship, or to allow District to exercise discretion or control over the professional manner in which the Construction Manager performs the Services which are the subject matter of this Agreement; provided always, however, that the Services to be provided by Construction Manager shall be provided in a manner consistent with all applicable standards and regulations governing such Services.
- 22.2 Construction Manager understands and agrees that the Construction Manager's personnel are not and will not be eligible for: membership in, or to receive any benefits from, any District group plan for hospital, surgical or medical insurance; membership in any District retirement program; paid vacation, paid sick leave or other leave, with or without pay; or any other benefits which accrue to a District employee.
- 22.3 Should District, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Department, or both, determine that Construction Manager or any employee of Construction Manager is an employee of District for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the

tax due (and offsetting any credits for amounts already paid by Construction Manager which can be applied against this liability). District shall then forward those amounts to the relevant taxing authority.

- 22.4 Should a relevant taxing authority determine a liability for past services performed by Construction Manager for District, upon notification of such fact by District, Construction Manager shall promptly remit the amount due or arrange with District to have the amount due withheld from future payments to Construction Manager under this Agreement (again, offsetting any amounts already paid by Construction Manager which can be applied as a credit against that liability).
- 22.5 A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Construction Manager shall not be considered an employee of District. Notwithstanding the foregoing, should any court, arbitrator, or administrative authority determine that Construction Manager is an employee for any other purpose, then Construction Manager agrees to a reduction in District's liability resulting from this Agreement pursuant to principles similar to those stated in the foregoing paragraphs so that the total expenses of District under this Agreement shall not be greater than they would have been had the court, arbitrator, or administrative authority determined that Construction Manager was not an employee.
- 22.6 Nothing in this Agreement shall operate to confer rights or benefits on persons or entities not a party to this Agreement.

ARTICLE 23. Warranty Of Construction Manager

- 23.1 Construction Manager warrants that the Construction Manager is properly licensed and/or certified under the laws and regulations of the State of California to provide all the services that it has herein agreed to perform. Construction Manager further warrants that all of the work performed under this Agreement by the Construction Manager shall comply with all applicable laws, rules, regulations and codes of the United States and the State of California. The Construction Manager also warrants that it shall comply with all applicable ordinances, regulations, and resolutions of the County in which the District is located.
- 23.2 Construction Manager certifies that it is aware of the provisions of the Labor Code of the State of California, that require every employer to be insured against liability for workers compensation or to undertake self-insurance in accordance with the provisions of that code, and it certifies that, if applicable, it will comply with those provisions before commencing the performance of the work of this Agreement.

23.3 Construction Manager certifies that it is aware of the provisions of California Labor Code that require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects ("Prevailing Wage Laws"). Since the Construction Manager is performing work as part of an applicable "public works" or "maintenance" project, and since the total compensation is \$1,000 or more, the Construction Manager agrees to fully comply with and to require its sub-consultant(s) to fully comply with all applicable prevailing wage requirements of the California Labor Code. Construction Manger shall cooperate with the DIR and provide certified payroll reports as required.

ARTICLE 24. Cost Disclosure - Documents And Written Reports

- 26.1 The Construction Manager shall be responsible for the cost of construction change orders caused directly by the Construction Manager's willful misconduct or negligent acts, errors or omissions. Without limiting Construction Manager's liability for indirect or consequential cost impacts, the direct costs for which the Construction Manager shall be liable shall equal its proportionate share of the difference between the cost of the change order and the reasonable cost of the work had such work been a part of the originally prepared construction documents.
- 26.2 Neither the District's review, approval of, nor payment for, any of the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement, and Construction Manager shall remain liable to the District in accordance with this Agreement for all damages to the District caused by Construction Manager's failure to perform any of the services furnished under this Agreement to the standard of care of the Construction Manager for its Services, which shall be, at a minimum, the standard of care of construction managers performing similar work for California public community college districts at or around the same time and in or around the same geographic area of the District.
- 26.3 Each party warrants that it has had the opportunity to consult counsel and understands the terms of this Agreement and the consequences of executing it. In addition, each party acknowledges that the drafting of this Agreement was the product of negotiation, that no party is the author of this Agreement, and that this Agreement shall not be construed against any party as the drafter of the Agreement.
