Last year, the SCC Educational Foundation hosted eight Chambers of Commerce at two huge business networking events, commonly referred to as a Joint Chamber Mixer. This year up to ten Chambers of Commerce will participate and total attendance of about 400. Our networking events feature great food from some of the best restaurants and catering companies in our area, micro brews on tap from local microbreweries, and varietal wines from Suisun Valley, Solano County, and Winters. But more importantly, they are fantastic networking opportunities and a cost effective marketing format for business seeking exposure throughout Solano County. Sponsors get the added benefits of exposure from flyers, banners, emails and social media posts. In addition, the SCC Educational Foundation is a non-profit, so sponsors get the satisfaction of helping us carry out our mission to support Solano Community College and the student most in need.

Please consider supporting us in 2024. Give Curt Johnston a call today at (707) 249-1667, or email curt.johnston@solano.edu. We have two dates set as shown below and we're working to add a third mixer soon:

On **Thursday, September 26, 2024** at 5:30 p.m., **Travis Credit Union and an additional partner** will host the Vallejo Chambers Alliance together with the Benicia and American Canyon Chambers. This was the annual mixer and this year the lineup will include the Vallejo Chamber, Solano

Hispanic Chamber, the Fil-Am Chamber of Solano, plus the Benica and American Canyon Chambers this year. A big crowd of nearly 150 is expected as we return to the SCC Vallejo Auto Tech Center. The address is 1687 North Ascot Parkway, Vallejo, CA 94591.

On **Thursday, January 9, 2025** at 5:30 p.m., **AT&T** will host the Fairfield-Suisun and Vacaville Chambers together with members from Rotary Clubs in Solano County and Winters. This is a new mixer to add more interest to the line up. We anticipate another big crowd of approximately 150 or more. The location was the SCC Fairfield campus Library and Learning Resource Center at 4000 Suisun Valley Road in Fairfield.
