

IMANI

INTELLECTUAL-MOTIVATED-AMBITIOUS-NOBLE-INSPIRING

The **IMANI Sisterhood Program** was created as a result of a Fall 2020 Racial/Equity Focus Group where students expressed their challenges of “finding and connecting with faculty from similar backgrounds and experiences”, and institutional data that identifies Black female students at Solano Community College (SCC) as a disproportionately impacted group in relation to access to resources and student retention. As a component of SCC’s Student Services Program, our goal is to decrease the equity gap Black female students experience at SCC.

“Every woman’s success should be an inspiration to another.
We’re strongest when we cheer each other on.”

Serena Williams

The IMANI Sisterhood program provides our members with a caring and judgment free environment where they can connect with other students, faculty, staff, and community members who share similar cultural experiences and backgrounds. We celebrate and uplift the identity of our members allowing them to experience a sense of belonging and acceptance. We offer them academic, social, and scholarship resources.

While the program's focus is on Black female students attending SCC, our program is open to all female students enrolled and attending SCC.

Our program is committed to creating a more inclusive experience for our participants and helping them to identify and remove barriers that impede their academic success.
