1. **Call to order** – Joshua Scott, Chair
2. **Comments from the Public**
3. **Discuss integration of BSI/Equity/SSSP/Transformation Grant.**
 - What does INTEGRATION mean?
- a. Create a committee and integrate these resources—common goals, common components (research based solutions and actions).
- b. History and function of:
 - i. SSSP—VP Brown and Dean Mouton
 - ii. Equity
 - iii. BSI—Josh Scott
 - iv. Transformation Grant-Josh Scott and Corrine Kirkbride
- c. Discuss: What’s working? Where are the current problems/concerns?

What is currently working?	Funding Source	Funding sufficient?	Funding ongoing?	Any needed changes
Super Saturday—with everyone together	SSSP			Lacks certain experiences—incorporate immediate assessment, placement, and scheduling & ed plan (electronic). --ongoing conversations: we don't want to overautomate this—counseling is needed, but we also want to make the enrollment experience more.
ASTC—based on a model that we know is successful, a place where we can integrate funds and resources and people				
More discussions between departments: e.g. counseling, admissions, research, math, English, etc.				Need more collaboration with administration—right now this is grassroots, bottom-up collaborate experiences.

Where do we have problems?	Possible solutions	How would integration of funding sources help?
Great ideas, up swell from certain departments, but often these efforts fall by the way due to breaks in the process		
Faculty development needs more support, integration and institutionalization		
We need Peter Cammish's pyramid, and we need a strong committee with strong faculty presence		

d. Solutions: How do we integrate? What would a timeline and transparent process look like?

4. Adjourn.
